

President, Refreshed And Cheerful After 8 Hours Of Sleep, Awaits Conference

By MARVIN L. ARROWSMITH
DENVER — President Eisenhower awoke "refreshed and cheerful" this morning preparatory to holding his first government policy conference since his Sept. 24 heart attack. He arranged a hospital meeting with Secretary of State Dulles to discuss international affairs.

The 7 a.m. medical bulletin from the President's bedside reported: "The President slept soundly last night for eight hours. He feels refreshed and cheerful this morning. His condition continues to progress satisfactorily without complications."

First Big Session
The session with Dulles, dealing mainly with the Big Four foreign ministers' parley opening Oct. 27 in Geneva, marks the first presidential step back toward active direction of U. S. foreign policy. Advance indications were that Dulles would call on the President during the morning at Fitzsimons Army Hospital, spend about 15 minutes there, and then hold a news conference at the Denver White House at Lowry Air Force Base.

The secretary flew here last night from Miami, Fla., where he addressed the annual convention of the American Legion. He said there the United States will go to the Geneva foreign ministers conference with two sets of plans, one to meet any Russian obstruction and the other to exploit any genuine Soviet harmony moves.

On arrival here aboard Eisenhower's private plane Columbine III, Dulles told newsmen at the airport: "Just say my principal feeling at the moment is one of personal gladness that I shall be able to see the President again, and it is a very good sign that the doctors will let us have the kind of a conference we'll have."

Dulles got to Denver as the President was ending another day of satisfactory progress in his slow convalescence — at a pace his physicians now say will keep him in the hospital for at least four more weeks and possibly five.

It was a day during which he got outside for the first time since he was stricken. His hospital bed

ORDER FIRMS TO PAY \$9,000

The Adams County court Monday afternoon handed down two orders directing two life insurance firms to pay amounts totalling \$9,000, representing policies of the late Laban E. Hershey, to Blanche Poltz, Gettysburg, R. 5.

The companies involved were the New York Life Insurance Co., which held a \$5,000 policy of Mr. Hershey's and the Mutual Life Insurance Co. of New York, which held two policies totalling \$4,000.

Previously the companies had notified the court of their willingness to pay the person listed by the court as the proper beneficiary. Blanche Poltz had filed an assumption of action in the court to secure the amounts after the death of Mr. Hershey claiming they were to be paid to her. The insurance companies had held up the payment until the court decided. The order was handed down directing payment to Blanche Poltz when Edna F. Hershey, Kuhn's Convalescent Home, New Oxford, who had also been a possible recipient of the proceeds from the insurance, failed to file a claim within a required 20-day period.

Chancellor Adenauer Of Germany Has Pneumonia

BONN, Germany (AP)—Chancellor Konrad Adenauer has pneumonia, his doctors disclosed today.

A special medical bulletin issued by two physicians said the 79-year-old West German government chief's "feverish bronchitis has been complicated by a light bronchial pneumonia."

The bulletin added that the pneumonia is "fading away" and "the fever has abated, but the Chancellor must remain in bed for at least another week."

This was the first indication that the Chancellor is seriously ill. He has been confined to his home for the past five days.

First announcements said Adenauer was suffering only from a cold. This diagnosis was later amended to tonsillitis, and yesterday to "feverish bronchitis."

Prank May Have Caused Death Of Young Bride

BALTIMORE (AP)—Mrs. James William Winsor, 21-year-old bride of 10 days, lay injured on a Hagerstown, Md., street for half an hour last week after an automobile accident.

An ambulance crew finally arrived, explaining it had just returned from a false alarm. Pranksters had summoned the ambulance to a highway out of town, leaving a cat-sprayed dummy at the designated spot.

Mrs. Winsor was taken to Washington County Hospital, then transferred to University Hospital in Baltimore for treatment of head injuries. She died in the Baltimore hospital yesterday.

COUNTY COUPLE IS MARRIED IN NEW OXFORD

Miss Margaret Virginia Daum, New Oxford R. 1, daughter of the late Mr. and Mrs. Clemens Daum, New Oxford R. 1, became the bride of James W. Herman, son of Mr. and Mrs. John W. Herman, New Oxford, Saturday afternoon at 3 o'clock in St. Paul's Evangelical and Reformed Church, New Oxford. The Rev. Archie C. Rohrbaugh, assisted by the Rev. Amos Meyers, officiated at the double-ring ceremony.

Miss Kathryn O'Boyle, organist accompanied the soloist, Mrs. June Rhodes. The altar was decorated with white gladioli.

Given in marriage by her brother, Gary C. Daum, the bride wore a nylon net and tulle gown over taffeta fashioned with a Chantilly lace peplum and rhinestone-trimmed bodice. She wore matching lace mitts and a pill box hat trimmed with a short veil and rhinestones. Her rhinestone necklace and earrings were a gift of the bridegroom.

Reception Is Held
Miss Mary Daum, Marysville, Pa., cousin of the bride, was the maid of honor. She wore a waist-length gown of pale green tulle designed with a sweetheart neckline and elbow-length sleeves. She carried a colonial bouquet of pink pinocchio roses encircled by yellow carnations.

Mr. and Mrs. George Zerling sold a property on Fourth St. to Gray and Mary E. McClell, Gettysburg, for \$6,700 and not to Grace and Mary E. McClell, as announced Friday.

Thanks Weaver For Wire To President

Mrs. Mamie Eisenhower, wife of the stricken President, who has maintained a constant vigil at his bedside in Fitzsimmons Army Hospital, Denver, for two weeks, expressed her thanks to Burgess William G. Weaver for his telegram of "prayers of the community." Mrs. Eisenhower wrote as follows:

"Thank you very much for your wire to the President. The knowledge that he is in the thoughts and prayers of our Gettysburg friends and neighbors means a great deal to him and to myself.

"We, too, will be glad to return home."

NOON SERVICES PLANNED AT Y NOVEMBER 13-19

Ten-minute services at noon during the Week of World Fellowship, November 13 to 19, at the YWCA, to be followed by a light lunch, were announced at a meeting of the board of directors of the Y Monday night. Mrs. Frank H. Kramer, president, Mrs. J. A. Blackburn, secretary, and Mrs. Edwin Johnson, treasurer, reported.

It was announced that Mrs. John S. Rice had arranged a display of United Nations materials on the second floor of the Y.

The Public Affairs Committee will hold a U. N. meeting October 20 at 2 p.m. at the Y. The public is invited. Two sound films on the U. N. are available for screening.

Gettysburg FFA Chapter Receives Highest Award

Gettysburg High School's Battlefield Chapter of the Future Farmers of America today was listed as one of the leading chapters in the country.

The Gettysburg unit was one of 57 chapters in the United States to be awarded the gold emblem of the national FFA at the annual convention at Kansas City. It was the only unit in Pennsylvania to receive the gold emblem. Two other Pennsylvania chapters, Lampeter and Tunkhannock, received the silver emblem, second highest award.

In addition to the 57 chapters receiving the award, 37 in the U. S. received the silver, or second highest award and 21 received the bronze or third place emblem.

Besides winning the national honor as a chapter, the Gettysburg unit also was scheduled to have one of its members receive the American Farmer award at Kansas City this afternoon.

Two To Be Honored
Donald Dillon, Orrtanna R. D., is one of two Adams County young men who are receiving the award at the convention. Russell Michael Wertz, Biglerville R. D., a member of the Apple City Chapter of Biglerville High School, is the other. Dillon is the fourth member of the Gettysburg chapter to receive the highest award. Wertz is the second Biglerville High School graduate to win the coveted honor given only to young men who have achieved outstanding success in their farming program.

Railway Society To Visit Gettysburg

Approximately 450 persons will visit here Sunday afternoon on an excursion sponsored by the Lehigh Valley Chapter of the National Railway Historical Society. Allen A. Larson, president of the Gettysburg Travel Council, was notified Monday.

Plans for representatives from the Travel Council and Chamber of Commerce to meet the group when they arrive by train are to be outlined at a meeting of the Travel Council tonight at 8 o'clock at the court house.

Two Volunteers Are Inducted Into Service

Two men were sent by the Adams County Selective Service board this morning for induction into the armed forces and ten were sent to Harrisburg for pre-induction physical examinations. All were volunteers.

The two who were inducted at New Cumberland were: Ronald A. Phillips, Littlestown R. D., and William A. Smith, Orrtanna R. D.

Hold Convention Here December 17

The annual convention of the supervisors, secretaries, tax collectors and Assessors Association of Adams County will be held Wednesday, December 17, in the court house. Secretary Ervin J. Baker, East Berlin R. 2, announced today. Officers of the association include: Glenn Jacobs, Reading Twp., president; John R. Taylor, Menallen Twp., vice president; Mel Heikes, Latimore, treasurer.

Birth Rate Rises Registrar Reports

The number of births in the Gettysburg area continues to increase according to the report of the registrar of vital statistics for the Gettysburg and Cumberland, Straban, Freedom and Highland Twp. district.

In September 101 births and 14 deaths were recorded. All of the births, 53 males and 48 females, occurred in Gettysburg. There were six female and five male deaths in Gettysburg, two female deaths in Cumberland Twp. and one female death in Straban Twp.

Last year there were 76 births and 18 deaths listed in September.

During the first nine months of this year 810 births and 165 deaths have been recorded in the district. That numbers compares to 734 births and 160 deaths in the comparable period a year ago.

GEORGE FISCEL HAS TOP GRID CONTEST SCORE

George C. Fiscel, 431 Baltimore St., with a perfect score, won the season's second football contest sponsored by The Gettysburg Times and 20 cooperating merchants.

In addition to calling the winners in 20 games, Fiscel guessed the feature score as 55 points. Gettysburg beat Albright 46-6 so Fiscel was almost letter perfect.

Second place went to Robert E. Sheeds Jr., 26 Barlow St., who had 19 out of 20 right and a feature score of 40. Third prize winner was S. Charles Smith, 7 Buford Ave., who also had 19 of 20 winners, but his feature score was 34.

228 In Contest
Last week a total of 228 persons entered the contest. Their selections were as follows: 8, 18 correct; 21, 17; 40, 16; 42, 15; 33, 14; 37, 13; 19, 12; 11, 11; 5, 10; 3, 9; 4, 8; 2, 7; 3, 6.

Each week a total of \$25 in merchandise certificates is offered by the merchants. First prize is \$15; second, \$7.50, and third, \$2.50.

Games for the new contest will be found in a full page of advertisements in today's edition. Twenty more games are listed.

5 Generations

Five generations are shown in the above family group. The oldest, Mrs. Sarah Baker, Biglerville R. D., is holding the youngest, Robert Rebert, of Dillsburg. Others are left to right, Mrs. Leo Diehl, McKnightstown; Kenneth Rebert, U. S. Army, stationed in Texas, and Mrs. Byron Rebert, Dillsburg.

SHEELY LAUDS COUNTY FIREMEN AT PUBLIC MEET

Judge W. C. Sheely challenged the people of Adams County to "do your part" to prevent fire in a talk Monday evening in Lincoln Square as part of the observance of National Fire Prevention Week.

Nineteen fire engines, an ambulance and a rescue truck from 17 fire companies, were displayed in the square in conjunction with the program. The equipment represented nearly half of the fire engines in the county. Twenty-one pieces of equipment were here out of 50 pieces of fire apparatus of the area's firemen.

Judge Sheely said the firemen have "approximately a half million dollars in fire equipment ready to come to your aid at any time and in any emergency."

Train And Study
"There is something exciting and fascinating about a fire. Everyone wants to go to watch it — in fact, so many people want to watch fires that they hamper the work of the firemen and for this reason the fire police were established. There is also something exciting and fascinating about a fire engine. We all like to see a fireman's parade."

"But the work that is done by the firemen is much more than fighting fires and marching in parades. The public does not see nor appreciate the long hours of training and study that are part of the firemen's duty to make the companies efficient. And without that training the excellent equipment that the county has would be valueless."

"Nor does the public see the work that is done to raise the money to purchase this equipment. There is nothing exciting or fascinating about that, but these men render devoted service because they realize the need of the community to have a group of trained men ready for any call for help whether it be with the rescue truck or an all-night search for a child, or a fire."

"Fire prevention week has a special meaning for us."

WEAVER CITES "FRIGHTENING" U.S. FIRE LOSSES

Losses by fire in the United States are "frightening," William G. Weaver, past president of the Gettysburg Fire Department, told the Rotary Club at a Fire Prevention Week meeting Monday evening at the YWCA.

Fire Chief Donald W. McSherry, and assistant chiefs Donald Staub and Francis Linn were guests of the club.

A total of 119,000 fires in the U. S. last year were caused by smoking and matches. Damage from that type of fire was more than \$65,000,000, Weaver said. "Misuse of electricity caused 88,400 fires and \$97,200,000 loss. Defective heating and cooking equipment caused 84,600 fires and \$75,500,000 loss. Improper disposal of rubbish accounted for 67,300 fire alarms and a loss of \$22,700,000. Careless use of flammable liquids caused 40,400 fires and a loss of almost \$40,000,000. Most people shrug off chimney fires, but they can be very dangerous, and we have had some bad ones here."

30,000 Chimney Fires
"There were 30,000 chimney fires \$22,000,000 damage. Children with matches accounted for 25,000 fires, which caused \$12,800,000 worth of fire loss. All told 420,000 dwellings burned in the U. S. last year, 36,900 plants, 33,000 churches and 45,000 stores and shops. And 65 per cent of all those fires could have been prevented by just a little fire prevention work on the part of people throughout the U. S."

"We are fortunate that we have not had any really great fire loss in Gettysburg. That has been caused by fire prevention measures on the part of the people of our community and the fact that we have a very good fire department."

Vice President John Hostetter presided with 58 present. Col. Eben R. Jones led group singing with Dr. Kenneth Smoke at the piano. Dr. Frederick Shaffer reported on the joint United Nations Day meeting to be held by the various service clubs October 24.

LIONS' OFFICIAL ADDRESSES CLUB

Lion District Governor James Hileman, Kreutz Creek, told the local Lions Club at its regular meeting Monday evening at the Shelter House that "one of the big social problems facing this country is how can we help our retired people lead happy, normal lives?"

Declaring that he believes the Lions clubs will eventually have as a project the help of the retired, Hileman gave six suggestions as to "how one can grow to meet the future." These included: "Look into new hobbies that will help you as long as you live; continue to widen your horizons; be socially useful; obey the rules for healthful living; exercise according to your age, and face the future constructively."

Other Lions who made the official visit with Hileman were: John Basehoar, Littlestown, deputy district governor, and Don Hoerst, Biglerville, zone chairman.

Broom Chairman Kenneth Johns announced that 60 brooms remain to be sold. They may be purchased at the Shelter House.

Guests were present from Biglerville, Middletown, Ohio, and Kreutz Creek. President Earl Ziegler presided.

German Civilians Released By Reds Say Yanks Are Held

CAMP FRIEDLAND, Germany, (AP)—The first group of civilian German prisoners from the Soviet Union arrived in the West today. Some of them reported an American soldier and four others claiming to be Americans or to have American connections were being held in Russian slave labor camps.

The soldier was identified as Pvt. Sidney Ray Sparks of Tenuille, Ga., who escaped from an Army unit in West Berlin in 1951 while awaiting court-martial. Subsequently the East Germans published a "defection statement" attributed to him.

One returned to West Berlin listed these others held by the Soviets:

1. Bob Goldman, son of an Estonian father and an American mother, who said he was parachuted into Estonia as a U. S. spy in

The dedication of the new addition to the Gettysburg High School and the new Keefeauver Elementary School, and "open house" for the two structures will be held at 7:30 o'clock November 8 and 9 it was decided at a meeting of the Gettysburg Joint School Committee at the high school Monday night. The Keefeauver School will be dedicated November 8 and the high school on the 9th.

Guile W. Lefever, principal of the high school, said the program there will consist of band and chorus numbers, a brief address, presentation of the keys to the building and several presentations of gifts to the school. The teachers will be present at the school that evening along with about 50 students who will serve as guides. At the home economics department coffee and cookies will be served. A similar program is being planned for the Keefeauver School.

The joint committee gave "permanent" contracts, which gives them coverage by the teachers' tenure laws, to six teachers who have completed their two-year probationary period. They are James R. Feather, Susan K. Wertz, Mrs. Ruth D. Bream, Mrs. Bertha S. Feather, Mrs. Barbara W. Schadel and Mrs. Anne D. Stahle.

Committee Action Approved
Formal approval was given to the action of the teachers committee in electing five teachers prior to the opening of school. The committee had been given the power to hire teachers subject to the formal approval by the joint board. The teachers formally elected Monday were Miss Leota Holcomb, high school art teacher; Mrs. Mary Louise Schleicher, physical education teacher, both of whom received temporary professional employment contracts, and Mrs. Rebekah Fox, elementary teacher at Keefeauver School; Mrs. Edith Reinhardt, physical education teacher at the high school, and Mrs. Margaret Delitz, seventh grade teacher, who were named as part-time or substitute teachers.

The joint committee asked the finance and planning committee to make recommendations on fees to be charged for use of the auditorium and other school facilities by non-school groups.

High School Principal Lefever reported that Hanover charges a "commercial rate" of \$100 for day meetings, \$150 for night meetings for use of its high school auditorium. It also has a "local" rate of \$75 for day use and \$100 for night use, a rehearsal rate and a rate for charitable organizations. Other schools charge rates ranging from free use for some organizations to \$75 for others, and some schools have a list of rates that even includes classroom use. It was such a list that the joint committee asked the finance committee to prepare. The report of the finance and planning committee will be submitted to the

BROWNS LUCKY TO HAVE OTTO GRAHAM AGAIN

By NICK ELLENA
The Associated Press
The champion Cleveland Browns, who are finding it tough going in the National Football League this season, can be mighty thankful for their powers of persuasion that enticed Otto Graham out of retirement for another year.

Graham, who had planned to retire this year after leading the Browns to nine straight division titles, sparked an 87-yard touchdown march in the final minutes yesterday to defeat Philadelphia's touted Eagles 21-17.

The victory gave Cleveland a 2-1 record and moved them to a four-way tie for first place in the Eastern Division with Washington, Pittsburgh and the surprising Chicago Cardinals.

Rams, Colts Tied

In a radical shift of the balance of power in the Western Division, Los Angeles shares the lead with the fisky Baltimore Colts by virtue of a 17-10 decision over the winless Detroit Lions. The defending Western titlists now occupy the cellar with the Chicago Bears.

Baltimore defeated Green Bay's Packers 24-20 Saturday night and, like the Rams, sports a spotless 3-0 record.

In yesterday's other action, the Pittsburgh Steelers handed the disappointing New York Giants their third straight defeat 30-23; the San Francisco 49ers scored a 20-19 triumph over the Bears, and the Cardinals hung a 24-10 defeat on the Redskins, their first.

Graham Saves Game

With the Browns trailing 17-14 on their own 33-yard line and 4 minutes and 13 seconds left, Graham gambled on a fourth-down pass and hit end Dante Lavelli for 14 yards. A 36-yard run by Otto, a 2-yard poutchout and his 53-yard scoring pass to Lavelli gave the Browns the winning touchdown. Graham also accounted for the other Cleveland touchdowns, scoring one and passing for the other.

In a desperate bid for a tie, the Giants recovered a Steelers fumble in the waning minutes but could not score. After trailing 17-16, quarterback Jimmy Finks pulled the Steelers ahead in the last quarter by means of two 51-yard pass completions that set up two touchdowns.

Giant quarterback Chuck Conerly lofted two touchdown passes, one for 71 yards to Kyle Rote. The agile Rote also took a 25-yard pass from Frank Gifford for another Giant touchdown.

FIVE HOCKEY CLUBS ARE TIED

With the season only two days old, there was but one undefeated team in the American Hockey League today, although five clubs were tied for first place.

Pittsburgh, idle last night, shows a clean slate with one victory. Hershey, which lost to Providence in the opener Saturday night, is the only team which hasn't scored a point.

In last night's two games, Buffalo whipped Springfield 3-2, Cleveland turned back the Rhode Island Reds 5-3.

That left Providence, Pittsburgh, Cleveland, Springfield and Buffalo all tied for the top with two points. Ken Haden scored at 7:30 of the final period to break a 2-2 tie and gave Buffalo its victory over Springfield.

The Reds went ahead, 2-1, in the second period against Cleveland, but the Barons quickly came back on goals of Dan Polzani and Joe Lund to stay ahead for good.

State Golfers Win Cash In Tournament

BALTIMORE P—Scores of Pennsylvanian money winners and their earnings in the Eastern Open Golf Tournament won yesterday by Frank Stranahan with a 72-hole total of 280, good for \$3,000. Art Wall Jr. Honorable, 281, \$1,900; John Weitzel, Hershey, and Henry Williams, Fleetwood each 289, and earnings of \$365. Arnold Palmer, LaRoe George Fazio, Philadelphia and Mike Souchny, Berwick, each 291 for \$252.50. Charles Siford, Philadelphia, 292, \$177.50; Sam Penevise, Glenview 294, \$120.

Bullets

(Continued from Page 5)

The final period bit play was called back and the Bullets were penalized for offsides.

Late in the game Beverly passed to Brandt for an apparent score but ball was called back and Gettysburg was penalized for offsides.

Promoted by the Reading Shamrocks, the game had many a side attraction. During halftime an airplane parachuted prizes, some of which contained bonds to the field and hundreds of children and students swarmed over the field to pick them up. After passes at the field, the play apparently departed and the second half of the game was started. Before the third play could get underway, the plane made another pass at the field and the youngsters swarmed out on the field once more. The officials held the game up nearly five minutes before play could resume.

Locals Get Trophy

Coach Johnny Yocum was presented with a large silver trophy, which went to the winning team. Roy Drager, Albright quarterback and Gettysburg's Pieper both received gold footcuffs as the outstanding players of the respective squads. All types of prizes and awards were given out at halftime to spectators.

In one of the sternest tests of the season Gettysburg will play host to the Lehigh University eleven as a feature of Dad's Weekend Saturday afternoon at 2 o'clock. Lehigh has defeated Delaware 7-0 and Bucknell 27-20.

Palmer Returns

Victor "Swifty" Palmer has returned to his home on York St. after spending the summer, as he has for years, working for various circuses and carnivals in the eastern U.S.

Charles Shaffer, 21, of Dillsburg, Pa., was taken to Carlisle Hospital early Sunday by K. W. Nestor, Dillsburg R. 3 who told police he found the injured man alone a road near Dillsburg. Shaffer suffered serious abdominal injuries, police reported, and underwent emergency surgery. Harrisburg State Police are investigating.

was rolled onto a terrace near his eighth floor room and he spent 30 minutes there basking in the warm autumn sunshine with a excellent view of the majestic Rocky Mountains to the west.

Handled Much Business

It was a day too during which he handled the biggest batch of government business since he was taken ill. Late in the afternoon he: 1. Chose Harold S. Vance, chairman of the Executive Committee of the Studebaker-Packard Corp., to be a member of the Atomic Energy Commission. A 65-year-old Republican whose salary will be \$18,000 a year, Vance got a recess appointment which is subject to the Senate confirmation when Congress reconvenes.

2. Named Meyer Kestbaum, head of the Hart, Schaffner & Marx clothing firm, to be a special White House consultant serving without pay. Kestbaum was chairman of the President's Committee on Federal-State Problems. Now he will advise Eisenhower on the recommendations of that committee, as well as on those made by the Hoover Commission on government reorganization.

Promoted Officers

3. Gave recess appointments and promotions to two service officers. Rear Adm. Charles R. Brown, now on the Joint Strategic Survey Committee, advances to vice admiral and becomes deputy commander and chief of staff of the U. S. Atlantic Fleet. Maj. Gen. Clyde D. Eddleman becomes a lieutenant general and takes over as deputy chief of the Army staff, in charge of plans.

4. Signed an executive order delegating to the Office of Defense Mobilization authority to release certain national stockpile materials for defense purposes in event of an enemy attack. The White House said the President's illness was not a factor in delegation of the authority.

5. Put his name to a proclamation officially designating tomorrow as Christopher Columbus Day.

6. Signed two other executive orders which the White House said would be made public later.

The President's physicians counted on today's conference as a morale booster. Referring to the session at a news conference here Sunday, Dr. Paul Dudley White, noted Boston heart specialist, said: "I think it is going to be very helpful for the President, rather than the other way around. We feel quite sure that when a person worries and thinks over what he ought to be doing, it may do his nervous system and thereby his circulation and heart, more harm than to have a little mental activity which is not going to be strenuous."

"But this is not going to be a rubber stamp conference either. He is going to be allowed to express his opinions. . . ."

SHEELY LAUDS

(Continued from Page 1)
cial and an important significance to every person, young and old. The hazard of fire is universal and ever present. It does not discriminate, it hits the rich man's mansion and the poor man's home, it strikes the factory, the school, the church, the hospital, the barn and the timberland. We all need to be conscious of the many things we greedily do that expose us to this hazard."

Sheely praised the Adams County Firemen's Association for organizing the county's fire companies into an "efficient fighting unit in which all are ready to help with men and equipment when needed."

Gettysburg Fire Chief Donald W. McSherry told the audience in the square and over WGET, "Don't overestimate your own abilities as a fire fighter. If you suspect a fire, if you see a small fire in your home, don't hesitate to call the firemen. If there is no fire you have no need to be embarrassed, the firemen are glad that it was a mistake, that there is no fire to fight. If you delay, then the fire may gain proportions that could wipe out your home, or even cost you your life."

Asks Cooperation
Fire Marshal John Murren asked the cooperation of the public in surveys of homes and businesses which he said firemen are willing to make at any time and particularly at the present time to search out possible fire hazards.

Richard M. Cole, president of the Gettysburg Fire Department, welcomed the fire companies and the public. William G. Weaver was master of ceremonies.

The Gettysburg Junior High School band presented a concert at the opening of the program. Fire equipment was present from Emmitsburg, Barlow, Fairfield, East Berlin, Greentown, New Oxford, Arendtsville, Aspers, York Springs, Benderville, Biglerville, Fountaindale, Littlestown, Abbottstown, Bonnevill, Gettysburg, and Hampton.

Must Name Auditor

The finance and planning committee was also asked to recommend an auditor to the Gettysburg School Authority to replace C. Samuel Daley who moved to Philadelphia several months ago.

Approval was given for the planting of a tree by the U.N. committee October 23 at the Keefauver School. School authorities were directed to seek the aid of Pennsylvania State University extension specialists in setting up a map showing where trees should be planted at the Keefauver school, and what types of trees should be placed.

Plan Safety Patrol

Principal Lefever was directed to establish a "school boy safety patrol" at the high school to aid children from Keefauver school in crossing the school board street running from the high school to the Keefauver school.

The work of Chief of Police Jack Bartlett, the other members of the police force and the three women policemen in handling the crossings at hours when children are going to and from school was described as "exceptional" by the board. The board decided to send a letter of thanks to borough council.

Purchase of liability insurance was tabled pending further information on the liability of schools in various types of endeavors. Bills totaling \$13,326.81 were ordered paid.

Financial Reports Approved

Various financial reports were approved. The joint school system spent \$42,845.78 during the month and ended with a balance of \$47,698.51 as of October 5. The high school cafeteria fed 529 students and 42 adults daily last month. It operated \$898.51 in the red for the month because of new equipment purchased, but has a net worth of \$3,439.22. The Keefauver school cafeteria fed 412 students and 22 teachers daily during its first month of operation and ended with a profit of \$6.02.

The high school activities fund, covering 51 different accounts ranging from the various classes to the yearbook, showed deposits of \$7,143.71 and withdrawals of \$5,317.20 and ended the month with a balance of \$10,271.77.

Will Seek Funds For Priests' Home

Bishop George L. Leech, of the Diocese of Harrisburg, announced today that the home in Lebanon for aged and retired priests will be opened early next year.

At a meeting of the Bishop with his counselors, the name Villa Vianney, in honor of St. John Vianney, was chosen. He was also known as the Cure of Ars, the patron of priests engaged in parish work.

The former Hunsicker Estate was purchased for this purpose in 1954 and is now being renovated.

At a meeting today of all priests of the diocese it was announced that a one-day fund drive will be held among the Catholics of the Diocese on Sunday, December 4. It will be a house-to-house canvass to raise funds to defray costs of purchase, renovations and furnishings.

Normally spend for Christmas 'business gifts.' This money will be donated on behalf of our customers. Through this combining of many small gifts, a sizable contribution can be made to those whose need is greatest."

Littlestown 35 HORSEMEN TAKE 8-MILE RIDE SUNDAY

The Carroll-Adams Riding Club held an 8-mile trail ride Sunday from 2 to 5 p.m. on the Gettysburg Battlefield. Thirty-five riders participated, including visitors from the Silver Bit Club, Brunswick, Md. Refreshments were served on the Battlefield. The horsemen began and concluded their ride from the home of Richard Shearer, near Gettysburg. Group games followed.

Members of Boy Scout Troop No. 84 who participated in the annual Jack Frost nature course at Camp Coneawago over the weekend were: Bruce Stair, Nelson Freeman, Samuel Long, Douglas Crammer, Robert Hahn, David Slusser, Paul Bowman, Paul Harlan, Thomas Maitland, Gordon Eckenrode, Bernard Stuller, Kenneth Stauffer, William Blocher, Thomas Hartsock, Edwin Elder, James Kroh, James Evans and Richard Bankert; members of Explorer Post 84, James Hahn, Jack Rudisill, Wayne Miller and Wayne Reinaman; Scoutmaster Edgar A. Wolfe and assistant John R. Rudisill also attended.

The Littlestown Fish and Game Association Inc. will meet Wednesday at 7:30 p.m. at the Fish and Game clubhouse, near town. Refreshments will be served by Dr. Joseph R. Riden, Charles W. Weikert and Roy D. Renner.

Mrs. B. Roy Kehl and Mrs. Clarence J. Krichen Sr. will serve as hostesses at the monthly meeting of the Ladies' Auxiliary to the Ocker-Snyder American Legion Post Wednesday evening at 7:30 o'clock at the post home.

A treasure hunt will be held by Brownie Scout Troop 45 Wednesday, leaving from the engine house at 3:45 p.m. Each girl is asked to take her lunch and a paper cup. A beverage will be provided by the troop committee.

The women of St. John's Lutheran Church interested in mass care center training will meet Wednesday at 7:30 p.m. in the church social hall.

The monthly birthday party of the Ladies' Auxiliary of the Eagles will be held Wednesday, leaving from the home at 6:30 p.m.

Miss Frances Rucker, chairman, Mrs. Roscoe W. Rittase, Mrs. Columbus Schneider, Mrs. Charles Schneider, Mrs. David Sentz, Miss Joan Sentz and Mrs. Clair Snyder will be in charge of the program at the meeting of the Ladies' Aid Society of St. Luke's United Church Wednesday at 7:30 p.m. at the church.

the best man. The ushers were John E. Herman, nephew of the bridegroom, and William Korver Jr., both of New Oxford. The mother of the bridegroom wore a navy blue crepe dress and an orchid corsage.

A reception was held in the New Oxford Fire Hall. Later the couple left on a honeymoon. The bride wore a turquoise satin dress. Upon their return they will live on Hanover St., New Oxford.

The bride, who was graduated from the New Oxford High School in 1951, is a bookkeeper for the Farmers' and Merchants' Bank, New Oxford. Mr. Herman, who attended New Oxford High School, is self-employed as a bread salesman. He served two years in the army, 16 months of which was in Japan where he was a chaplain's assistant.

Are Red Citizens

Austrian war prisoners who returned from Vorkuta previously told of seeing Green but U. S. officials in Washington said he and his sister were Soviet citizens.

American officials in West Berlin and West Germany said they had never heard of Goldman, Goralski or Golowski.

Sparks was awaiting a general court-martial on charges of being AWOL, stealing money and assaulting a cab driver when he escaped with two other prisoners, Ray B. Schultz of Batavia, N.Y., and Charles J. Scott of Decatur, Ill.

Sparks was returned from East Germany in June 1952 and given a dishonorable discharge and five years in prison. Scott has not been heard from since his flight.

A total of 195 civilians arrived, 26 in West Berlin and 169 at Camp Friedland. They included 58 women and five children born in captivity. The returnees said they had been arrested "for minor offenses" between 1946 and 1953 at their homes in East German territory.

The civilians had been with some 300 others — including 42 women and 10 children — who stayed in East Germany.

Several thousand military prisoners have arrived in West and East Germany. A batch of 31 today included 22 former generals, among them Hans Rattenhuber, commander of Hitler's Elite Guard escort battalion.

entire joint school board in November for final approval.

Must Name Auditor
The finance and planning committee was also asked to recommend an auditor to the Gettysburg School Authority to replace C. Samuel Daley who moved to Philadelphia several months ago.

Approval was given for the planting of a tree by the U.N. committee October 23 at the Keefeauver School. School authorities were directed to seek the aid of Pennsylvania State University extension specialists in setting up a map showing where trees should be planted at the Keefeauver school, and what types of trees should be placed.

Plan Safety Patrol
Principal Lefever was directed to establish a "school boy safety patrol" at the high school to aid children from Keefeauver school in crossing the school board street running from the high school to the Keefeauver school.

The work of Chief of Police Jack Bartlett, the other members of the police force and the three women policemen in handling the crossings at hours when children are going to and from school was described as "exceptional" by the board. The board decided to send a letter of thanks to borough council.

Purchase of liability insurance was tabled pending further information on the liability of schools in various types of endeavors. Bills totaling \$13,326.81 were ordered paid.

Financial Reports Approved
Various financial reports were approved. The joint school system spent \$42,845.78 during the month and ended with a balance of \$47,898.51 as of October 5. The high school cafeteria fed 529 students and 42 adults daily last month. It operated \$388.51 in the red for the month because of new equipment purchased, but has a net worth of \$3,439.22. The Keefeauver school cafeteria fed 412 students and 22 teachers daily during its first month of operation and ended with a profit of \$6.02.

The high school activities fund, covering 51 different accounts ranging from the various classes to the yearbook, showed deposits of \$7,143.71 and withdrawals of \$5,317.20 and ended the month with a balance of \$10,271.77.

The Athletic Association report showed receipts of \$1,472.26 for the month and expenditures of \$989.01. It had started September with a balance of \$1,135.56 and ended September with a balance of \$1,618.81.

Garret T. Mason Out Of Jail, In Again

Garret T. Mason, 25, of R. 1, who was released from the county jail Thursday afternoon after posting \$1,000 bail before Justice of the Peace Charles Hemler on charges of assault and battery and violation of the uniform firearms act, was returned to jail Sunday evening on a disorderly conduct charge brought by borough police.

Mason had originally been charged by state police after a fracas in the Knoose Foods plant, at Peach Glen, Wednesday and remained in jail until Thursday when he posted bail for court. Sunday night, according to borough police, he caused a disturbance at Swope's Atlantic Station, Carlisle St., and was lodged in jail for a hearing on that charge before Justice of the Peace John H. Basehore Monday.

At the hearing he pleaded guilty and was fined \$10 and costs. He was returned to jail in default of payment and then later Monday afternoon was released when a friend paid the amount for him.

Malcolm A. Miller Buried This Afternoon

Funeral services for Malcolm A. Miller, 37, husband of Mrs. Edna Harman Miller, Littlestown R. 1, Mt. Joy Twp., who was killed Friday evening by a bull, were conducted this afternoon at 2 o'clock from Little's Funeral Home, Littlestown, Rev. Oscar E. Feeman, pastor of Grace Lutheran Church, Two Taverns, officiated. Interment was in the Grace Church Cemetery.

The pallbearers were: Henry Reaver, George Carpenter, Charles Slusser, Kenneth Zeigler, Glenn Zeigler and Carl Zeigler.

A million certificates for proficiency have been issued to people who participated in the Red Cross Water Safety program during the past year.

CHEST DRIVE IS CONTINUED

Community Chest drive chairman John C. Stahle today announced that the drive will be extended to allow workers to complete their canvass. The fund total is \$8,273.55 including cash collections of \$7,430.05 and pledges of \$843.50. Returns from rural mail campaign amounts to \$607 with \$537 in cash and \$70 in pledges.

The fund is far short of the goal of \$19,700.

Stahle also announced that the Chest office in the Plaza building will be closed tonight and Wednesday to enable workers to contact additional people. The office will be open Thursday and Friday evenings from 8 until 9:30 o'clock.

A contribution of \$200 from the Wolf Supply Company, W. Stratton St., was reported by Stahle who released a letter from Earle Wolf, president of the company, which read in part: "We have decided to discontinue the giving of Christmas 'business gifts' and spend the money in a more constructive way. During October we will donate to the Community Chests of the communities in which we operate stores, amounts of money equal to what we

Will Seek Funds For Priests' Home

Bishop George L. Leech, of the Diocese of Harrisburg, announced today that the home in Lebanon for aged and retired priests will be opened early next year.

At a meeting of the Bishop with his counselors, the name Villa Vianney, in honor of St. John Vianney, was chosen. He was also known as the Cure of Ars, the patron of priests engaged in parish work.

The former Hunsicker Estate was purchased for this purpose in 1954 and is now being renovated.

At a meeting today of all priests of the diocese it was announced that a one-day fund drive will be held among the Catholics of the Diocese on Sunday, December 4. It will be a house-to-house canvass to raise funds to defray costs of purchase, renovations and furnishings.

Normally spend for Christmas 'business gifts.' This money will be donated on behalf of our customers. Through this combining of many small gifts, a sizable contribution can be made to those whose need is greatest."

CITE METHODS OF CURBING FIRES

Methods by which fire departments can promote fire prevention throughout the year were outlined by County Fire Marshal John Murren at a meeting of the Adams County Firemen's Association Monday evening at Irishtown.

Plus R. Martin, New Oxford R. 1, new president of the county firemen, presided at his first meeting as president. He said that it was just ten years ago that his father, George A. Martin, presided as president, also in Irishtown. The elder Mr. Martin headed the firemen in 1945-46.

Vice President Richard G. Smith, New Oxford, was installed in that office by Past President Clarence Deardorff, Cashtown. The other officers had been installed at the annual meeting in September.

Treasurer Edward Loeffel, Littlestown, reported on the recent state convention, including the parade in which the Littlestown firemen won first prize for the best appearing outfit.

Glenn Zeigler, president of the Irishtown Fire Company, welcomed the 125 firemen present for the meeting. Next session of the county

was rolled onto a terrace near his eighth floor room and he spent 30 minutes there basking in the warm autumn sunshine with a excellent view of the majestic Rocky Mountains to the west.

Handled Much Business

It was a day too during which he handled the biggest batch of government business since he was taken ill. Late in the afternoon he:

1. Chose Harold S. Vance, chairman of the Executive Committee of the Studebaker-Packard Corp., to be a member of the Atomic Energy Commission. A 65-year-old Republican whose salary will be \$18,000 a year, Vance got a recess appointment which is subject to the Senate confirmation when Congress reconvenes.

2. Named Meyer Kestbaum, head of the Hart, Schaffner & Marx clothing firm, to be a special White House consultant serving without pay. Kestbaum was chairman of the President's Committee on Federal-State Problems. Now he will advise Eisenhower on the recommendations of that committee, as well as on those made by the Hoover Commission on government reorganization.

Promoted Officers

3. Gave recess appointments and promotions to two service officers. Rear Adm. Charles R. Brown, now on the Joint Strategic Survey Committee, advances to vice admiral and becomes deputy commander and chief of staff of the U. S. Atlantic Fleet. Maj. Gen. Clyde D. Eddleman becomes a lieutenant general and takes over as deputy chief of the Army staff, in charge of plans.

4. Signed an executive order delegating to the Office of Defense Mobilization authority to release certain national stockpile materials for defense purposes in event of an enemy attack. The White House said the President's illness was not a factor in delegation of the authority.

5. Put his name to a proclamation officially designating tomorrow as Christopher Columbus Day.
6. Signed two other executive orders which the White House said would be made public later.

The President's physicians commented on today's conference as a morale booster. Referring to the session at a news conference here Sunday, Dr. Paul Dudley White, noted Boston heart specialist, said: "I think it is going to be very helpful for the President, rather than the other way around. We feel quite sure that when a person worries and thinks over what he ought to be doing, it may do his nervous system, and thereby his circulation and heart, more harm than to have a little mental activity which is not going to be strenuous."

"But this is not going to be a rubber stamp conference either. He is going to be allowed to express his opinions. . . ."

Bigler Grad Has Lead In Comedy

Donald Trimmer, a second semester freshman at Susquehanna University, Selingsgrove, will appear in the forthcoming production of the Susquehanna Players, "The Late George Apley."

Trimmer, a graduate from Biglerville High School in 1948, is a liberal Arts student majoring in English and Latin. He plans to teach after college graduation.

Trimmer has the major role of Horatio Willing in J. P. Marquand's three act comedy. He is a member of the Student Christian Association and the "Susquehanna," a weekly newspaper. He was recently pledged to Phi Mu Delta, national social fraternity.

Sorority To Take Part In Parade

Plans to enter the Gettysburg Halloween parade were outlined Monday evening by the Xi Alpha Chi chapter of Beta Sigma Phi at a meeting held in the sorority rooms on Lincoln Square. The chapter will join with the Epsilon Delta Chapter.

Miss Grace Myers, ways and means chairman, announced that a rummage sale will be held Saturday, October 29. Mrs. Robert Oyer was awarded a prize. Mrs. Alexis Chritzman was in charge of a program on "Public Speaking." Mrs. Donald Ober vice president, presided. The next meeting will be held October 24 at 8 p.m. in the sorority rooms.

Today's Talk

THAT EXTRA SOMETHING

In the course of years it has been very interesting, and profitable, to watch young men in their growth and progress toward the more important stages of their lives. One thing especially I have noted and it is this — those who have gone forward have been those who always gave that extra something.

It may have been that extra thought, that extra effort, or that extra desire. That extra something of mind and heart that has always gone with success and usefulness. It has been this one thing that has always been associated with the great of this earth. It has been a spiritual quality of life that is outstanding and distinguished. It is to be noted in every great man or woman.

It has been that extra something that is so marked in the career of President Eisenhower and of Abraham Lincoln. It's what has made such characters loved and trusted. It's what has made us all want to be something better and more inspiring to others. It has been what has made the boy work a little longer and more devotedly, regardless of time and effort. It isn't what one earns but what one learns. It's the vision ahead.

Several years ago General Charles A. Lindbergh wrote one of the most remarkable little books I have ever read called "Of Flight and Life." He had just finished a dangerous flight for the Ford Motor Company at Willow Run. Of that experience he wrote: "The altitude flight at Willow Run taught me that in worshipping science man gains power but loses the quality of life."

There is a creative power behind the human heart that no one has as yet adequately appraised. It has a silent explanation. Something of God resides in us all, whether it is realized or not, and it is labelled — Faith. It is that extra something that alone can save the world from suicidal wars and chaos!

Tomorrow Mr. Adams will talk on the subject: "Adjustments." Protected, 1955, By The George Matthews Adams Service

Just Folks

BOYHOOD MEMORY

When I was small and tears I shed,
For comfort home I ran.
"I know it, hurts," my mother said,
"But bear it like a man."

"That was a dreadful fall you had.
It left a nasty scrape
But pain's a part of life, my lad,
That no one can escape."

"The bruise will fade; the cut will heal.
Come, let me dry your tears;
For there will be worse hurts to feel
Throughout the coming years."

Though long the mother's been away,
Still hear her voice I can:
"I know it hurts," to me she'll say,
"But bear it like a man."

Released Prisoner
Jolts His Jailers

GAINESVILLE, Fla. (P) — Alachua County jailers accustomed to abuse from prisoners were surprised to receive a postcard from Ernie Thomas, mailed in Jacksonville 60 miles away after he was released from serving a sentence for being drunk.

It said: "I got here ok. Thanks to everybody for being so nice to me."

WINDY HILL BEACH, S. C. (P)

Bird watching proved more interesting than fishing when a strange martin tried to start an affair with a female nesting on a fishing pier.

When papa martin returned, feathers flew for a while until he drove the stranger off.

The fisherman watching the battle paid no attention when one of their number was bitten on the finger by a small shark he had caught, or when a fish pulled one woman's tackle into the sea.

Philadelphia last Wednesday when they scored against the strong University team for the first time in the history of Gettysburg College, and was the only team within the past two years to cross Penn's goal line. Not only did they score six points to sixteen for U. P. and cross their goal line but in a number of instances Gettysburg outplayed U. P.

The college boys on learning of the good work of their college, attired in their night-gowns, paraded the streets notwithstanding the protests of the policemen.

PRR REGIONAL MANAGERS TO BEGIN DUTIES

PHILADELPHIA (P) — The Pennsylvania Railroad has announced the appointments of its nine regional managers in the recent extension of the railroad's largest carrier.

In announcing the new managers, PRR President James M. Symes said the regional managers at Chicago and Pittsburgh will retain their vice presidencies.

Symes said each region will be autonomous "subject only to overall system administration and police determination."

New Appointments

The new appointments, to take effect Nov. 1 are:

New York region — P. M. Roeper, now superintendent of the New York division; Philadelphia region — G. C. Vaughan, now assistant general manager, Central Region at Pittsburgh; Eastern Region — (Pittsburgh) — M. S. Smith, now general manager, Central Region; Chesapeake Region (Baltimore) — J. A. Schwab, now general manager, Eastern Region at Philadelphia; Northern Region (Buffalo, N.Y.) — P. W. Neff, now general superintendent of transportation, Eastern Region; Lake Region (Cleveland) — H. M. Phillips, now freight traffic manager, Central Region; Buckeye Region (Cincinnati) — A. M. Harris, now superintendent Columbus (Ohio) Division; Southwestern Region (Indianapolis) — C. G. Magruder, now freight traffic manager, Western Region at Chicago; and Northwestern Region (Chicago) — H. H. Peveler, now vice president, Western Region.

STEAL TRUCK OF BRITISH GUNS

NICOSIA, Cyprus (P) — Eight made off with a British army truck loaded with rifles and Sten guns. The raiders stole the truck from an army depot near Famagusta Harbor after overpowering and tying up a civilian guard.

They left a note saying, "We received from the British army these guns for which we will pay when freedom is given Cyprus." It was signed "Digenis," the leader of the underground Cypriot movement campaigning for this British crown colony's union with Greece.

The weapons taken—number undetermined—had been unloaded at Famagusta only Saturday.

The raid came less than 12 hours after Britain's tough new governor of Cyprus, Field Marshal Sir John Harding, warned the island colony in a broadcast he would do all in his power to eliminate terrorism "so that men and women everywhere can go about their daily business without fear or favor."

Cypriots of Greek descent have been waging a campaign for months in support of the Enosis—union with Greece—movement. Harding, who arrived last week, said the "road to self-government lies wide open before you."

4,800 Volts Snuff
Out York Youth

YORK, Pa. — Donald L. Shaw, 23, of Windsor R. 2, York County, was electrocuted last night when his car knocked over a utility pole on a legislative route about one mile north of nearby Red Lion.

York state police said the man was not killed when his car crashed into the pole but died when a 4,800 volt high tension line from the pole came in contact with his body.

Shaw, alone at the time, was thrown from the vehicle by the impact of the collision.

Houston Mother Can
Take Things Calmly

HOUSTON, Tex. (P) — One mother here has a reputation for taking almost anything in her stride. When her son fell from a second story window a neighbor rushed in.

"How is he? How is he?" she wanted to know.

"Isn't hurt a bit," the mother said, "and neither is the azalea bush."

Pupil Check Planned
To Prevent Kidnaping

EAST LANSING, Mich. (P) — Absent elementary school pupils will be double checked this fall. Teachers devised the plan following several national reports of kidnaping and molesting of youngsters.

School personnel will call the pupil's home the first thing in the morning and right after lunch in cases of unexplained absences.

Adapted from the Italian cuisine, Cold sliced veal served with a dressing of olive oil, wine vinegar, crushed garlic, mashed tuna fish and capers. Wonderful dish for a buffet supper table.

Pool Room Dwellers
Are Caught In Fire

ALLENTOWN, Pa. (P) — A man who racks balls in a pool room was killed and another injured in a fire that gutted a midcity store building Monday and caused damage expected to reach several hundred thousand dollars.

The victim of the blaze was Paul Mitchell, 44, who worked and slept in the Hamilton Billiards Academy at 734 Hamilton St.

The four-story building housed a jewelry store and a record shop on the first floor, the pool room on the second floor and shirt manufacturer on the third and fourth floors.

Winds fanned smoke across the center city area. Two firemen were overcome fighting the blaze.

Injured was Joseph Nyvensek, 42, a janitor who also lived in the pool room.

INDIA REDRAWS
REGIONAL LINES

NEW DELHI, India (P) — Prime Minister Nehru's government braced itself today for possible explosions following unveiling of a plan to reorganize India's 27 states and territories into only 16.

The plan was recommended Sunday by a government states organization commission after 20 months investigation. Nehru in a broadcast warned against "appeals to passions" and urged his people to "consider this reorganization in the light that is best for the whole nation."

The Prime Minister said the report would be submitted to Parliament and the state legislatures for consideration. He did not say which of the recommendations his government would back. Previously the government said it would make its decision and ask parliamentary approval before the 1957 elections.

The commission was appointed after widespread demands for a redrawing of state lines along the boundaries between religious and language groups. The Communists made particular political capital in south India out of the issue.

ELECTED HEAD
OF PUBLISHERS

PITTSBURGH (P) — Roland L. Adams, publisher of three daily newspapers, is the new president of the Pennsylvania Newspaper Publishers Assn., succeeding G. A. Harshman, general manager of the Sharon Herald.

Adams was elected to the top post Saturday at the closing session of the association's annual convention. He is publisher of the Bethlehem Globe Times, Levittown Press and the Atlantic City (N.J.) Press.

Other officers chosen by the PNPA are:

Blair M. Bice, publisher of the Morris Cove Herald, vice president; and Richard A. Swank, publisher of the Dunsmuir Record, secretary-treasurer. It is the second term for Swank.

Elected to the executive committee were George M. Neil, general manager of the Philadelphia Inquirer, and Herman E. Baschore, co-publisher of the Meyersdale Republican.

GETS LIFE FOR
TAVERN MURDER

MEDIA, Pa. (P) — James (Red) Ryder, 18, was found guilty of first degree murder yesterday in the burglary-slaying of Roy Wunder, in the victim's tavern Sept. 20, 1954.

The jury of 10 women and 2 men recommended life imprisonment for the teen-age defendant. Sentencing was delayed pending filing of an appeal for a new trial.

Wunder and his brother, William, co-owners of the Stoney Creek tavern in nearby Springfield, surprised two intruders who broke into the place after it had closed for the night. Wunder was fatally shot in the ensuing scuffle.

Two companions, both also 19-year-old Philadelphians, are awaiting separate trials.

Jerold Richardson was called before Delaware County Judge William R. Toal yesterday and selection of the jury was begun while the court awaited Ryder's verdict.

The state contends that the third youth, James Graham, waited outside in a car and later drove the other two away from the scene.

COMMITTEE TO
DIRECT PROBE
AT MORGANZA

PITTSBURGH (P) — A 12-member committee of the Legislature Monday laid plans for a probe of the Pennsylvania State Training School at Morganza with the co-chairmen emphasizing it will be "non-political" and "not a witch hunt."

"Our committee is agreed that this is a bipartisan investigation and it will not be conducted on a political basis," said Sen. Pechan (R-Armstrong) following an executive session yesterday at which he was elected co-chairman.

"We know things are wrong about Morganza, and we want to find the way to correct them or turn the institution to some other use," commented Sen. Lane (D-Washington), elected to serve with Pechan as joint head of the group.

Study Murder Of Inmate

The committee of 12—six each from the Senate and House and including six Republicans and six Democrats—has been named by the Legislature to look into charges of mistreatment of inmates, and to study a case in which a boy inmate of the training school was killed.

It is the second major institution probe undertaken by the current Legislature. A similar committee investigated charges of mistreatment of patients at the Laurelton State Village several months ago. That probe wound up in considerable fireworks between Democratic and Republican members.

The Morganza probes held their first meeting—a 2-hour executive session behind locked doors—in a Pittsburgh hotel yesterday. Later the co-chairmen told newsmen the session had been "harmonious," and had agreed:

Begin Hearings

Public hearings will begin Oct. 25 at 10 a.m. in the Washington County Courthouse, at Washington. Only witnesses with first-hand knowledge of the Morganza situation will be called. These will probably include inmates and staff members. The committee will use subpoenas if necessary but does not expect to need them.

After evidence about conditions has been received, officials of the institution will be called to testify in what Pechan described as the "defense."

Atty. Gen. Jacob Cohen will be asked to assign one of his deputies as legal aide to the committee. However committee members will do the questioning. Members do not expect to do any extensive undercover investigation in advance.

Boost Rates 3 Cents

HARRISBURG (P) — The Williamsport Bus Co. will increase base cash fares 3 cents, to 13 cents, Sunday.

A new rate schedule, approved by the Public Utility Commission yesterday, also calls for boosts in school tickets and tokens to produce additional revenue of \$20,000 a year.

School tickets will go from 5 cents each to 6 1/2 cents or 20 for \$1.25 instead of \$1. Tokens will be sold at 3 for 65 cents, or the same price as the new cash fare.

Despite the additional expected revenue, the company said it still expects to operate at a \$5,000 deficit.

Milton Girl Dies
After Auto Wreck

TROY, Pa. (P) — Kay Budman, 19, of Milton, one of six persons injured Sunday night in a two-car collision near here, died last night in Robert Packer Hospital at Sayre.

Miss Budman was among four girls thrown from a car that collided with one operated by William O. Vargason of Granville Summit beneath an overpass on Route 14. Betty J. De Long, also a 19-year-old resident of Milton, was reported in critical condition today by the hospital.

The conditions of the other two girls were reported as good. Vargason and a companion suffered superficial injuries.

Justice Catches
Lebanon Escapee

LEBANON, Pa. (P) — Leon M. Ruhl, 25, one of two men who escaped from the Lebanon County Jail last week, was picked up Monday at Palmyra and returned to the prison.

Chief of Police William Wert said he noticed a man acting suspicious around the railroad tracks on the outskirts of the town. He said the man claimed he was looking for work but made a run for it as he was being taken to Wert's automobile.

Wert notified state police and the man was cornered in a Palmyra alley a short time later. Wert said he put up no resistance and admitted his identity.

John Dittler, 24, Jonestown R. 2, who escaped with Ruhl from the Lebanon Jail last Wednesday, was captured Thursday near Pittsburgh and was returned to the Lebanon jail Friday.

Two Negro Jurors
Serve In Georgia

COLUMBUS, Ga. (P) — Two Negro jurors sat in judgment of a white man yesterday in a Columbus court for the first time since Reconstruction days. And a Negro lawyer was the first of his race to defend a person in open court here.

The jury sentenced Eugene Bruckner, charged with fictitious writing, to two years in prison. Bruckner pleaded his own case. He agreed to take the first 12 jurors on the list and two Negro men were among them.

Delona Catholic, 3-1-1, waits until Saturday afternoon to meet its old rival, York Catholic, in a league game at McSherrystown.

The Gettysburg College soccer team has one engagement this week, meeting Lehigh here Saturday. The college frosh open an abbreviated season Friday by entertaining Mercersburg Academy.

Mt. St. Mary's College has two soccer tilts during the remainder of the week, playing host to Towson on Wednesday, and Loyola on Saturday.

BLAIK FRETS OVER COSTLY GRID FUMBLES

NEW YORK (AP)—Army Coach Earl Blaik still is talking about last Saturday's 26-2 licking the Cadets took from Michigan — and he wants to forget it.

"We've seen movies of the game," he said today, "and it's sickening. Michigan wasn't hitting us harder than anyone else, but when you lose the ball on fumbles eight times as we did, you give the opposition 400 yards."

"Michigan is a fine team and I don't want to take anything away from it. But we were able to move, as deeply bottled up as we were, until we gave the ball away each time. There isn't a thing a coach can do about this. We know the boys don't want to fumble and take extra precautions, maybe too many."

How does it feel to have a team that has run up a string of 22 straight victories?

"It doesn't mean a thing," said Oklahoma Coach Bud Wilkinson, whose Sooners go after No. 23 against Kansas Saturday. "It won't affect good football players either. They're not concerned with statistics. In fact, statistics don't mean a thing in football."

"It's too bad the season isn't over now."

Believe it or not, the Michigan State first-stringers haven't scrimmaged since the season began and they have a date with mighty Notre Dame Saturday in the NCAA Television Game of the Week.

"We're too thin to take chances of getting our first string hurt in practice scrimmages," explained Coach Duffy Daugherty. "When you have a lot of players, you can afford to scrimmage them and absorb an injury or two. But we can't take that chance."

UCLA's much-publicized Ronnie Knox, whose shoulder has been bothering him, should be able to play against Stanford Saturday, the team physician reported. But Sam Brown has won the No. 1 tailback spot.

MARTINEZ AND MANAGER SIGN NEW CONTRACT

By JACK HAND
NEW YORK (AP)—Welterweight Vince Martinez and Manager Bill Daly have buried the hatch after a family feud that prompted an investigation of an alleged "boy-cot" of the Paterson, N.J., boxer by the managers' guild.

Under terms of the new five-year private contract, the manager's share of 33 1-3 per cent will be split between Daly (23 1-3 per cent) and Anthony Martinez (10 per cent), the fighter's father.

Daly still is suspended in New York state for failure to testify at an inquiry into International Boxing Guild (managers) affairs by the New York State Athletic Commission. However, he says he is willing to appear at any time whenever asked by Chairman Julius Helfand.

Seek Title Fight
In the meantime, Daly is taking aim on the welterweight title held by Carmen Basilio of Canastota, N.Y., with an offer of a \$75,000 guarantee for a Basilio-Martinez match in Los Angeles next summer. Basilio is defending his championship against Tony DeMarco at Boston Nov. 30. If Basilio loses, the other stands for DeMarco.

Daly broke bread with the Martinez clan, father and son, yesterday in a Paterson, N.J., restaurant, when he announced the new contract. Their former contract expired March 9, 1955, but they had "broken" a year ago. Martinez had two fights last year after the break, and two more this year after the contract expired. He boxes Lester Felton of Detroit at Providence Monday.

Boxer Is Satisfied
"I'm happy everything turned out for the best," said Vince. "I could have signed with other managers but I'm sure I'm better off now. I'm more satisfied my father and Bill got together on an agreement."

Pop Martinez also was satisfied. "I think from now on we'll get along okay," he said.

Daly said the dispute was with the fighter's father. "Pop and I are both stubborn by nature," he said. "We fought it out down the line until common sense prevailed. If it hadn't been for outside influences, the whole thing would have been a 30-day wonder."

Daly took a rap at Bob Christenberry, former commission chairman, and his former associates, whom he called "publicity seekers who widened the breach when they saw a chance to get headlines." He said Helfand "inherited the package — a problem thrust upon him."

Gary Maitland tallied three touchdowns as the Gettysburg Junior High School football team won its opening South Penn Jr. High League game and first of the season by blanking Washington Township here Monday evening 20-0.

All of the scoring was packed into the first two periods as the teams battled scorelessly throughout the second half.

Following an exchange of punts in the first quarter, Coach Ned Brownley's boys took over on the Bulldogs' 40. They drove to the 20 from where Maitland swept end to score. A fumble nullified the try for the extra point.

Aerial Clicks
A pretty aerial, good for 20 yards, set the stage for Gettysburg's second tally early in the second period. With the ball resting on the visitors' 25 yard line and fourth down with 10 to go, Joel Riddemose heaved a pass to George Mitchell who reached the 2. Maitland went over on the next play and Mitchell added the extra point on an end run.

The final touchdown of the evening resulted after the locals recovered a fumble on the Bulldogs' 35-yard line. After advancing to the 10 on running plays, Maitland raced over on an end sweep with Mitchell adding the point on a line plunge.

Bulldogs Threaten
Hobart Benchoff's Franklin Countians made their best bid for a score near the end of the third period when they drove from their own 20 to the Gettysburg 20 but were stopped by the determined Gettysburg outit at that point.

The entire Gettysburg squad put up a good brand of ball throughout. They travel to Shippensburg for another league tilt Thursday afternoon.

CANNER SCRUBS TRIUMPH 20-0 OVER BUBBLERS

The Biglerville High School jayvee football team notched its second victory in as many starts by routing Boiling Springs 27-0 Monday evening at Boiling Springs.

After a scoreless first quarter the Cannors scored twice in the second period. The first touchdown came on a 12-yard pass, Dick Byers to Parker Coble. Ken Baltzley dove into the line for the extra point.

Pete Weigle, Biglerville guard, picked up a Bubbler fumble and ran 30 yards for the second score in the second period. Byers added the extra point on an end run.

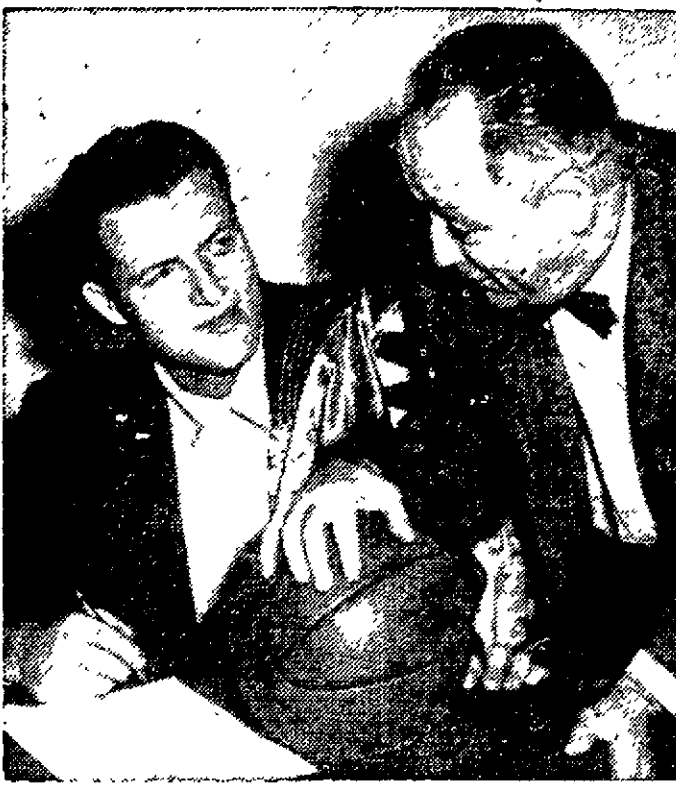

In the third period John Harmon, fullback, cried end from 8 yards out on an end run.

Harmon Intercepts
The final score in the fourth period resulted when Harmon intercepted a Bubbler pass and ran 40 yards. A pass, Byers to Coble, added the extra point.

Those who participated for Biglerville included: Ends, Showers, Coble, Baker; tackles, H. Baltzley, McCauslin, Hess; guards, Weigle, Wacaman, Payne, Ehlman; center, Warner; backs, Byers, Shetter, K. Baltzley, Harmon, Howery, Bolen, Fink, C. Shaffer and B. Shaffer.

Carlisle will play at Biglerville Thursday, October 20.

MANTLE, MAYS LEAD LEAGUES IN SLUGGING

NEW YORK (AP)—Finishing with a flourish, the New York Giants' Willie Mays captured National League slugging honors for the second straight season, compiling a .559 average after a slow start.

The young center fielder had a .581 slugging mark and had hit only 17 homers when he was rested June 19. From then on he proceeded to find the range as he wound up with 51 home runs, most in big leagues and also boosted his batting average 40 points to .319.

Statistics compiled by the Associated Press revealed that Mays accumulated 382 total bases in 580 at bats. Slugging averages are computed by dividing a player's number of total bases by his times at bat.

The New York Yankees' Mickey Mantle, with 316 total bases in 517 trips, topped the American League with a .611 slugging percentage.

The switch-hitting outfielder also led his league in homers with 37. Mays again beat out his rival center fielder, Duke Snider of Brooklyn. In 1954 Mays edged Snider by 20 points. This past season Snider's slugging average was .628 and he finished 31 points behind the Say-Hey kid.

Milwaukee's Ed Mathews ranked third at .601, followed by Ernie Banks of the Chicago Cubs with .592 and Big Ted Kuszewski of Cincinnati with .555.

Mantle, third in 1954, easily outdistanced his nearest pursuer, Detroit's Al Kaline, who had a .546 slugging mark.

Gus Zernial of Kansas City was third with .508 and teammate Vic Power and Cleveland's Larry Doby tied for fourth. Each had .505.

Ted Williams of Boston far outdistanced Mantle, with a resounding .703 slugging average on a total of 225 bases in 320 official at bats. League headquarters ruled, however, that he was ineligible for the slugging title because he had too few at bats.

Pep Is Nearing His 200th Ring Victory

BROCKTON, Mass. (AP)—Willie Pep, the Hartford, Conn., featherweight, is on the threshold of his 200th professional boxing victory.

Wily Willie racked up win No. 199 last night with a unanimous 10-round decision over Charlie Titone of Brooklyn at the Maple Arena.

Pep weighed 129½. Titone 128½. The former featherweight champ gave Titone a mouse over his right eye in the fourth round and had him bleeding from the nose in the fourth and fifth with fast left jabs.

GOLDEN NAMED TO EXECUTIVE GAME POSITION

HARRISBURG (AP)—Merton J. Golden, a veteran of 25 years with the Game Commission, holds the new post of deputy executive director today following the first extensive administrative reorganization of the commission in six years.

The new post was created to supervise directly all staff operations of the commission which will now be divided into six divisions rather than two bureaus.

Dr. Logan J. Bennett, executive director, said the changes were made after a year's study.

"The purpose was to make the operation of its program more efficient to better serve the sportsmen and citizens of Pennsylvania," he added.

He explained the changes would mean that all field operations of the commission would be responsible directly to the executive director rather than to the Bureau of Administration.

"Better Supervision"
"We expect to be able to give better supervision and technical advice this way," Bennett said.

The commission has had an executive secretary and an assistant to the director in the past but never a full deputy. The last assistant to the executive director was Wilbur Cramer who held the post from 1949 to 1954.

Golden, 54, is a native of Jessup, Lackawanna County and lives in Reading. He began his career with the commission as a deputy game warden in Lackawanna County and advanced through the ranks to supervisor of the southeastern division with headquarters at Reading. He has directed the commission's farm-game program since 1949.

His salary has not been fixed.

Six Divisions
The new plan establishes six divisions under the direction of the same men who are now carrying out the same duties. They are: Rollin Heffelfinger, administration division; Roger M. Lathan, research division; Jay C. Gilford, minerals division; C. C. Freeburn, land management division; R. F. Bell, law enforcement division, and Earl S. Greenwood, propagation division.

None will receive a change in salary.

Bennett said the changes have resulted in no elimination of jobs but that in the gradual reorganization process over the last year some 24 positions had been discarded.

Under law the multimillion dollar state game operation is directed by the Game Commission composed of eight members appointed by the governor. The commission selects the executive director.

Since 1949 the Bureau of Administration has supervised accounting, conservation education, the Ross Leffler School of Conservation and the wildlife research division. The

signing awaits only completion of attorneys' studies of the fine print in the contract and "I don't expect anything to hold up the deal."

Kramer expects not only to bring Trabert, the U. S. and Wimbledon champion, into the pro ranks but also the Australian Davis Cup ace, Lewis Hoad and Ken Rosewall. Snaring this trio, rated as the world's three best amateurs, would constitute the biggest pro tennis raid in history on the simon pures.

Kramer's attorney and Trabert's brother Marc, a Cincinnati lawyer, were going over a few revisions each side asked in the proposed contract. Marc Trabert flew here yesterday.

Huge Guarantee
The promoter declined to give the actual amount offered Trabert but said the amateur king will get more than Australia's Frank Sedgeman did when he turned pro. Sedgeman got a \$75,000 guarantee against percentage of the gross that carried him somewhat above that figure.

Kramer said publicity over the Sedgeman offer "cost me, as Tony just had to look back at the news stories to see how much Sedgeman got. Naturally, he asked for more, and will get it. From now on I'm playing it like they do in baseball. Let there be speculation only."

As for Hoad and Rosewall, Kramer said he has had several telephone calls from Australia "which led me to believe that the 'two wills' are." Reports are that Hoad and Rosewall have been offered \$50,000 each.

Michigan Is Voted Leading College Eleven Of Nation; Terps, Sooners, Irish Next

By THE ASSOCIATED PRESS
Michigan, bidding for its first national title since 1948, moves into the No. 1 spot this week in the Associated Press Football poll, overhauling Maryland's mighty Terrapins, who fell to the runner-up role.

Michigan proved its comeback as a national power by humiliating Army 26-2 Saturday. It was the third game of the season for the unbeaten Wolverines and it convinced the nation's experts.

The Wolverines had a healthy 200-point margin in the poll over Maryland, which gathered a 4-0 record by whipping Wake Forest, less imposing than the previously unstoppable Army machine, 28-7.

Oklahoma Is Third
Oklahoma, with its winning string now stretched to 22 games, remained in third place, followed by a general shakeup that listed Notre Dame, Georgia Tech, Wisconsin, Texas Christian, Navy, UCLA and West Virginia in that order.

In realigning the top 10, the nation's sports writers and broadcasters gave Michigan 80 first-place votes — nearly four times as many as the Wolverines picked up last week. Adding points on a 10 for first, 9 for second, etc., basis, Michigan wound up with a total of 1,662 after a count of the 191 ballots.

Maryland, which held the No. 1 position for two weeks, collected only 45 firsts (the Terps had 88 a week ago) and a 1,457-point total. Oklahoma was awarded 21 first-place votes and totled 1,350 points.

Irish Climb A Notch
Notre Dame moved up a notch, shifting places with Georgia Tech. Wisconsin jumped from ninth to sixth, displacing Army, which tumbled to 18th.

Texas Christian took a step up from eighth, where Navy took over after being 12th last week. UCLA, the preseason choice but already hung up by Maryland, slipped from seventh to ninth. West Virginia, up from 11th, replaced Southern California, upset by Washington 7-0, in 10th. The Trojans slipped to 16th.

The leaders with first-place votes in parentheses:
1. Michigan (80) — 1,662
2. Maryland (45) — 1,457
3. Oklahoma (21) — 1,350
4. Notre Dame (7) — 1,285
5. Georgia Tech (3) — 881
6. Wisconsin (11) — 707
7. TCU (4) — 645
8. Navy — 641
9. UCLA (1) — 556
10. West Va. (11) — 331

The Second 10:
11. Duke (4) — 316
12. Washington (4) — 307
13. Michigan State — 92

Thursday's Games

Gettysburg at Shippensburg.
Hanover at Chambersburg.

Gary Maitland tallied three touchdowns as the Gettysburg Junior High School football team won its opening South Penn Jr. High League game and first of the season by blanketing Washington Township here Monday evening 20-0.

All of the scoring was packed into the first two periods as the teams battled scorelessly throughout the second half.

Following an exchange of punts in the first quarter, Coach Ned Brownley's boys took over on the Bulldogs' 40. They drove to the 20 from where Maitland swept end to score. A fumble nullified the try for the extra point.

Aerial Clicks

A pretty aerial, good for 20 yards, set the stage for Gettysburg's second tally early in the second period. With the ball resting on the visitors' 25 yard line and fourth down with 10 to go, Joel Riddemose heaved a pass to George Mitchell who reached the 2. Maitland went over on the next play and Mitchell added the extra point on an end run.

The final touchdown of the evening resulted after the locals recovered a fumble on the Bulldogs' 35-yard line. After advancing to the 10 on running plays, Maitland raced over on an end sweep with Mitchell adding the point on a line plunge.

Bulldogs Threaten
Hobart Benchoff's Franklin Countians made their best bid for a score near the end of the third period when they drove from their own 20 to the Gettysburg 20 but were stopped by the determined Gettysburg outfit at that point.

The entire Gettysburg squad put up a good brand of ball throughout. They travel to Shippensburg for another league tilt Thursday afternoon.

The Lineups:

CANNER SCRUBS TRIUMPH 20-0 OVER BUBBLERS

The Biglerville High School jayvee football team notched its second victory in as many starts by routing Bolling Springs 27-0 Monday evening at Bolling Springs.

After a scoreless first quarter the Cannors scored twice in the second period. The first touchdown came on a 12-yard pass, Dick Byers to Parker Coble. Ken Baltzley dove into the line for the extra point.

Pete Weigle, Biglerville guard, picked up a Bubbler fumble and ran 30 yards for the second score in the second period. Byers added the extra point on an end run.

In the third period John Harmon, fullback, circled end from 8 yards out on an end run.

Harmon Intercepts
The final score in the fourth period resulted when Harmon intercepted a Bubbler pass and ran 40 yards. A pass, Byers to Coble, added the extra point.

Those who participated for Biglerville included: Ends, Showers, Coble, Baker; tackles, H. Baltzley, McCauslin, Hess; guards, Weigle, Wafaman, Payne, Ehlman; center, Wagner; backs, Byers, Shetter, K. Baltzley, Harmon, Hower, Bolen, Fink, C. Shaffer and B. Shaffer.

Carlisle will play at Biglerville Thursday, October 20.

GOLA SIGNS WITH WARRIORS

Tom Gola, left, three times an All-America at La Salle College, signs a contract in Philadelphia with the Philadelphia Warriors basketball team as owner-coach Eddie Gottlieb watches. Gola, who was the Warriors' No. 1 draft choice the past spring, reportedly signed for between \$11,000 and \$12,000.

MANTLE, MAYS LEAD LEAGUES IN SLUGGING

NEW YORK —Finishing with a flourish, the New York Giants' Willie Mays captured National League slugging honors for the second straight season, compiling a .659 average after a slow start.

The young center fielder had a .581 slugging mark and had hit only 17 homers when he was rested June 19. From then on he proceeded to find the range as he wound up with 51 home runs, most in both leagues and also boosted his batting average 40 points to .319.

Statistics compiled by the Associated Press revealed that Mays accumulated 382 total bases in 580 at bats. Slugging averages are computed by dividing a player's number of total bases by his times at bat.

The New York Yankees' Mickey Mantle, with 316 total bases in 517 trips, topped the American League with a .611 slugging percentage.

The switch-hitting outfielder also led his league in homers with 37. Mays again beat out his rival center fielder, Duke Snider of Brooklyn. In 1954 Mays edged Snider by 20 points.

This past season Snider's slugging average was .628 and he finished 31 points behind the Say-Hey kid.

Milwaukee's Ed Mathews ranked third at .601, followed by Ernie Banks of the Chicago Cubs with .592 and Big Ted Kluszewski of Cincinnati with .585.

Mantle, third in 1954, easily outdistanced his nearest pursuer, Detroit's Al Kaline, who had a .546 slugging mark.

Gus Zernial of Kansas City was third with 508 and teammate Vic Power and Cleveland's Larry Doby tied for fourth. Each had 505.

Ted Williams of Boston far outdistanced Mantle, with a resounding .703 slugging average on a total of 225 bases in 320 official at bats. League headquarters ruled, however, that he was ineligible for the slugging title because he had too few at bats.

Pep Is Nearing His 200th Ring Victory

BROCKTON, Mass. (AP)—Willie Pep, the Hartford, Conn., featherweight, is on the threshold of his 200th professional boxing victory.

Wily Willie racked up win No. 199 last night with a unanimous 10-round decision over Charlie Titone of Brooklyn at the Maple Arena.

Pep weighed 129½, Titone 128½. The former featherweight champ gave Titone a mouse over his right eye in the fourth round and had him bleeding from the nose in the fourth and fifth with fast left jabs.

Pep lost seven and drew once.

GOLDEN NAMED TO EXECUTIVE GAME POSITION

HARRISBURG (AP)—Merton J. Golden, a veteran of 25 years with the Game Commission, holds the new post of deputy executive director today following the first extensive administrative reorganization of the commission in six years.

The new post was created to supervise directly all staff operations of the commission which will now be divided into six divisions rather than two bureaus.

Dr. Logan J. Bennett, executive director, said the changes were made after a year's study.

"The purpose was to make the operation of its program more efficient to better serve the sportsmen and citizens of Pennsylvania," he added.

He explained the changes would mean that all field operations of the commission would be responsible directly to the executive director rather than to the Bureau of Administration.

"Better Supervision"

"We expect to be able to give better supervision and technical advice this way," Bennett said.

The commission has had an executive secretary and an assistant to the director in the past but never a full deputy. The last assistant to the executive director was Wilbur Cramer who held the post from 1949 to 1954.

Golden, 54, is a native of Jessup, Lackawanna County and lives in Reading. He began his career with the commission as a deputy game warden in Lackawanna County and advanced through the ranks to supervisor of the southeastern division with headquarters at Reading. He has directed the commission's farm-game program since 1949.

His salary has not been fixed.

Six Divisions

The new plan establishes six divisions under the direction of the same men who are now carrying out the same duties. They are: Rollin Heffelfinger, administration division; Roger M. Lathan, research division; Jay C. Gifford, minerals division; C. C. Freeburn, land management division; R. F. Bell, law enforcement division, and Earl S. Greenwood, propagation division.

None will receive a change in salary.

Bennett said the changes have resulted in no elimination of jobs but that in the gradual reorganization process over the last year some 24 positions had been discarded.

Under law the multimillion dollar state game operation is directed by the Game Commission composed of eight members appointed by the governor. The commission selects the executive director.

Since 1949 the Bureau of Administration has supervised accounting, conservation education, the Ross Leffler School of Conservation and the wildlife research division. The

Michigan Is Voted Leading College Eleven Of Nation; Terps, Sooners, Irish Next

By THE ASSOCIATED PRESS
Michigan, bidding for its first national title since 1948, moves into the No. 1 spot this week in the Associated Press Football poll, overhauling Maryland's mighty Terrapins, who fell to the runner-up role.

Michigan proved its comeback as a national power by humiliating Army 26-2 Saturday. It was the third game of the season for the unbeaten Wolverines and it convinced the nation's experts.

The Wolverines had a healthy 200-point margin in the poll over Maryland, which gathered a 4-0 record by whipping Wake Forest, less imposing than the previously unstoppable Army machine, 28-7.

Oklahoma Is Third
Oklahoma, with its winning string now stretched to 22 games, remained in third place, followed by a general shakeup that listed Notre Dame, Georgia Tech, Wisconsin, Texas Christian, Navy, UCLA and West Virginia in that order.

In realigning the top 10, the nation's sports writers and broadcasters gave Michigan 80 first-place votes — nearly four times as many as the Wolves picked up last week. Adding points on a 10 for first, 9 for second, etc. basis, Michigan wound up with a total of 1,662 after a count of the 191 ballots.

Maryland, which held the No. 1 position for two weeks, collected only 45 firsts (the Terps had 88 a week ago) and a 1,457-point total. Oklahoma was awarded 21 first-place votes and totted 1,350 points.

Irish Climb A Notch
Notre Dame moved up a notch, shifting places with Georgia Tech. Wisconsin jumped from ninth to sixth, displacing Army, which tumbled to 18th.

Texas Christian took a step up from eighth, where Navy took over after being 12th last week. UCLA, the preseason choice but already hung up by Maryland, slipped from seventh to ninth. West Virginia, up from 11th, replaced Southern California, upset by Washington 7-0, in 10th. The Trojans slipped to 16th.

Today's Talk

THAT EXTRA SOMETHING
In the course of years it has been very interesting, and profitable, to watch young men in their growth and progress toward the more important stages of their lives. One thing especially I have noted and it is this — those who have gone forward have been those who always gave that extra something.

It may have been that extra thought that set a effort, or that extra desire, that extra something of mind and heart that has always gone with success and usefulness. It has been this something that has always been associated with the great of this earth. It has been a spiritual quality of life that is outstanding and distinguished. It is to be found in every great man or woman.

It has been that extra something that is so carved in the career of President Eisenhower and of Abraham Lincoln. It is what has made such characters loved and trusted. It is what has made us all want to be something better and more inspiring to others. It has been what has made the boy work a little longer and more devotedly, regardless of time and effort. It isn't what one earns but what one gains. It's the vision ahead.

Several years ago General Charles A. Lindbergh wrote one of the most remarkable little books I have ever read called "Of Flight and Life." He had just finished a dangerous flight for the Ford Motor Company at Willow Run. Of that experience he wrote: "The altitude flight at Willow Run taught me that in working science man gains power but loses the quality of life."

There is a creative power behind the human heart that no one has as yet adequately appraised. It has a silent explanation. Something of God resides in us all, whether it is realized or not and it is labelled — Faith. It is that extra something that alone can save the world from suicidal wars and chaos!

Just Folks

BOYHOOD MEMORY
When I was small and tears I shed,
For comfort home I ran,
"I know it hurts," my mother said,
"But hear it like a man."

"That was a dreadful fall you had.
It left a nasty scrape
But pain's a part of life, my lad,
That no one can escape."

"The bruise will fade; the cut will heal.
Come, let me dry your tears;
For there will be worse hurts to feel
Throughout the coming years."

Though long the mother's been away,
Still hear her voice I can:
"I know it hurts," to me she'll say,
"But hear it like a man."

Released Prisoner Jolts His Jailers

GAINESVILLE, Fla. (P) — Alachua County jailers accustomed to abuse from prisoners were surprised to receive a postcard from Ernie Thomas, mailed in Jacksonville 60 miles away after he was released from serving a sentence for being drunk.

It said "I got here ok. Thanks to everybody for being so nice to me."

WINDY HILL BEACH, S. C. (P) — Bird watching proved more interesting than fishing when a strange martin tried to start an affair with a female nesting on a fishing pier.

When papa martin returned, feathers flew for a while until he drove the stranger off.

The fisherman watching the battle paid no attention when one of their number was bitten on the finger by a small shark he had caught, or when a fish pulled one woman's tackle into the sea.

AID TO CAR OWNERS
DETROIT (P) — A new jacquet-type automobile body finish that will require no polishing is being tested by engineers. The tests so far indicate that an average wash would usually will preserve the original luster.

PRR REGIONAL MANAGERS TO BEGIN DUTIES

PHILADELPHIA (P) — The Pennsylvania Railroad has announced the appointments of its new regional managers in the recent extensive reorganization of the management of the nation's largest carrier.

In announcing the new managers, PRR President James M. Symes said the regional managers at Chicago and Pittsburgh will retain their vice presidencies.

Symes said each region will be autonomous "subject only to overall system administration and police determination."

New Appointments

The new appointments, to take effect Nov. 1 are:

New York region — P. M. Rooper, now superintendent of the New York division; Philadelphia Region — G. C. Vaughan, now assistant general manager, Central Region at Pittsburgh; Eastern Region — (Pittsburgh) — M. S. Smith, now general manager, Central Region; Chesapeake Region (Baltimore) — J. A. Schwab, now general manager, Eastern Region at Philadelphia; Northern Region (Buffalo, N.Y.) — P. W. Neff, now general superintendent of transportation, Eastern Region; Lake Region (Cleveland) — H. M. Phillips, now freight traffic manager, Central Region; Buckeye Region (Cincinnati) — A. M. Harris, now superintendent, Columbus (Ohio) Division; Southwestern Region (Indianapolis) — C. G. Magruder, now freight traffic manager, Western Region at Chicago; and Northwestern Region (Chicago) — H. H. Pevler, now vice president, Western Region.

STEAL TRUCK OF BRITISH GUNS

NICOSIA, Cyprus (P) — Eight made off with a British army truck loaded with rifles and Sten guns.

The raiders stole the truck from an army depot near Famagusta Harbor after overpowering and tying up a civilian guard.

They left a note saying, "We received from the British army these guns for which we will pay when freedom is given Cyprus." It was signed "Digenis," the leader of the underground Cypriot movement campaigning for this British crown colony's union with Greece.

The weapons taken—number undetermined—had been unloaded at Famagusta only Saturday.

The raid came less than 12 hours after Britain's tough new governor of Cyprus, Field Marshal Sir John Harding, warned the island colony in a broadcast he would do all in his power to eliminate terrorism "so that men and women everywhere can go about their daily business without fear or favor."

Cypriots of Greek descent have been waging a campaign for months in support of the Enosis—union with Greece — movement. Harding, who arrived last week, said the "road to self-government lies wide open before you."

4,800 Volts Snuff Out York Youth

YORK, Pa. — Donald L. Shaw, 23, of Windsor R. 2, York County, was electrocuted last night when his car knocked over a utility pole on a legislative route about one mile north of nearby Red Lion.

York state police said the man was not killed when his car crashed into the pole but died when a 4,800 volt high tension line from the pole came in contact with his body.

Shaw, alone at the time, was thrown from the vehicle by the impact of the collision.

Houston Mother Can Take Things Calmly

HOUSTON, Tex. (P) — One mother here has a reputation for taking almost anything in her stride. When her son fell from a second story window a neighbor rushed in.

"How is he? How is he?" she wanted to know.

"Isn't hurt a bit," the mother said, "and neither is the azalea bush."

Pupil Check Planned To Prevent Kidnaping

EAST LANSING, Mich. (P) — A recent elementary school pupils will be double checked this fall. Teachers devised the plan following several national reports of kidnaping and molesting of youngsters.

School personnel will call the pupils home the first time in the morning and then after school in case of unexplained absences.

Pool Room Dwellers Are Caught In Fire

ALLENTOWN, Pa. (P) — A man who racks balls in a pool room was killed and another injured in a fire that gutted a midcity store building Monday and caused damage expected to reach several hundred thousand dollars.

The victim of the blaze was Paul Mitchell, 44, who worked and slept in the Hamilton Billiards Academy at 734 Hamilton St.

The four-story building housed a jewelry store and a record shop on the first floor, the pool room on the second floor and shirt manufacturer on the third and fourth floors.

Winds fanned smoke across the center city area. Two firemen were overcome fighting the blaze.

Injured was Joseph Nyenszek, 42, a janitor who also lived in the pool room.

INDIA REDRAWS REGIONAL LINES

NEW DELHI, India (P) — Prime Minister Nehru's government braced itself today for possible explosions following unveiling of a plan to reorganize India's 27 states and territories into only 16.

The plan was recommended Sunday by a government states organization commission after 20 months investigation. Nehru in a broadcast warned against "appeals to passions" and urged his people to "consider this reorganization in the light that is best for the whole nation."

The Prime Minister said the report would be submitted to Parliament and the state legislatures for consideration. He did not say which of the recommendations his government would back. Previously the government said it would make its decision and ask parliamentary approval before the 1957 elections.

The commission was appointed after widespread demands for a redrawing of state lines along the boundaries between religious and language groups. The Communists made particular political capital in south India out of the issue.

STABBED BY BEEF

HARTFORD, Conn. (P) — Cook Peter Pappas, 56, told hospital authorities he was stabbed by a side of beef. He dropped the meat on a table, it hit a knife, which slipped up and struck him, inflicting a painful wound.

RECRUITING DRIVE

SINGAPORE (P) — There's a rush on to join the royal Malayan Navy.

Recruiting officers asked for 80 candidates. Five hundred Malays, Indians, Chinese and Eurasians turned up at the Singapore naval base.

COMMITTEE TO DIRECT PROBE AT MORGANZA

PITTSBURGH (P) — A 12-member committee of the Legislature Monday laid plans for a probe of the Pennsylvania State Training School at Morganza with the co-chairmen emphasizing it will be "non-political" and "not a witch hunt."

"Our committee is agreed that this is a bipartisan investigation and it will not be conducted on a political basis," said Sen. Pechan (R-Armstrong) following an executive session yesterday at which he was elected co-chairman.

"We know things are wrong about Morganza, and we want to find the way to correct them or turn the institution to some other use," commented Sen. Lane (D-Washington), elected to serve with Pechan as joint head of the group.

Study Murder Of Inmate

The committee of 12—six each from the Senate and House and including six Republicans and six Democrats—has been named by the Legislature to look into charges of mistreatment of inmates, and to study a case in which a boy inmate of the training school was killed.

It is the second major institution probe undertaken by the current Legislature. A similar committee investigated charges of mistreatment of patients at the Laureate State Village several months ago. That probe wound up in considerable fireworks between Democratic and Republican members.

The Morganza probes held their first meeting—a 2-hour executive session behind locked doors—in a Pittsburgh hotel yesterday. Later the co-chairmen told newsmen the session had been "harmonious," and had agreed:

Begin Hearings

Public hearings will begin Oct. 25 at 10 a.m. in the Washington County Courthouse, at Washington.

Only witnesses with first-hand knowledge of the Morganza situation will be called. These will probably include inmates and staff members. The committee will use subpoenas if necessary but does not expect to need them.

After evidence about conditions has been received, officials of the institution will be called to testify in what Pechan described as the "defense."

Atty. Gen. Jacob Cohen will be asked to assign one of his deputies as legal aide to the committee. However committee members will do the questioning. Members do not expect to do any extensive undercover investigation in advance.

Williamsport Buses Boost Rates 3 Cents

HARRISBURG (P) — The Williamsport Bus Co. will increase base cash fares 3 cents, to 13 cents, Sunday.

A new rate schedule, approved by the Public Utility Commission yesterday, also calls for boosts in school tickets and tokens to produce additional revenue of \$20,000 a year.

School tickets will go from 5 cents each to 6 1/2 cents or 20 for \$1.25 instead of \$1. Tokens will be sold at 5 for 65 cents, or the same price as the new cash fare.

Despite the additional expected revenue, the company said it still expects to operate at a \$5,000 deficit.

Milton Girl Dies After Auto Wreck

TROY, Pa. (P) — Kay Budman, 19, of Milton, one of six persons injured Sunday night in a two-car collision near here, died last night in Robert Packer Hospital at Sayre.

Miss Budman was among four girls thrown from a car that collided with one operated by William O. Vargason of Granville Summit beneath an overpass on Route 14. Betty J. De Long, also a 19-year-old resident of Milton, was reported in critical condition today by the hospital.

The conditions of the other two girls were reported as good. Vargason and a companion suffered superficial injuries.

Justice Catches Lebanon Escapee

LEBANON, Pa. (P) — Leon M. Ruhl, 25, one of two men who escaped from the Lebanon County Jail last week, was picked up Monday at Palmyra and returned to the prison.

Chief of Police William Wert said he noticed a man acting suspicious around the railroad tracks on the outskirts of the town. He said the man claimed he was looking for work but made a run for it as he was being taken to Wert's automobile.

Wert notified state police and the man was cornered in a Palmyra alley a short time later. Wert said he put up no resistance and admitted his identity.

John Dittler, 24, Jonestown R. 2, who escaped with Ruhl from the Lebanon Jail last Wednesday, was captured Thursday near Pittsburgh and was returned to the Lebanon jail Friday.

Two Negro Jurors Serve In Georgia

COLUMBUS, Ga. (P) — Two Negro jurors sat in judgment of a white man yesterday in a Columbus court for the first time since Reconstruction days. And a Negro lawyer was the first of his race to defend a person in open court here.

The jury sentenced Eugene Bruckner, charged with fictitious writing, to two years in prison. Bruckner pleaded his own case. He agreed to take the first 12 jurors on the list and two Negro men were among them.

The Negro attorney, Stanley P. Hebert, defended Randolph Grier, also a Negro who was charged with assault on a white woman. Grier was sentenced to 15 to 20 years after being convicted by an all white jury.

John Garrett, Rice's brilliant golfer, shot a new course record 63 to win the medal in the Monroe, La., golf tournament. The next day his 67 wasn't good enough. He lost his first round match 1 up to Jim Ledbetter of LSU.

BREMEN VOTES WIN 52 SEATS FOR SOCIALISTS

BREMEN, Germany (P) — West German Socialists exulted today in a sharp rebuff handed Chancellor Konrad Adenauer's rearmament policy by the voters of Bremen state.

In elections for a new State Parliament, the anti-rearmament Socialists Sunday captured a majority — 52 seats — in the 100-member legislature and rolled up their biggest popular vote ever in the state, a center of industry and shipbuilding.

With only 46 of the 92 seats in the outgoing Parliament, the Socialists had had to govern in alliance with Adenauer's Christian Democrats and the Free Democrats.

Atlantic Alliance Vs. Rearmament

The election campaign was fought over the Bonn government's membership in the North Atlantic Alliance and its plans to build a 500,000-man armed force for Western defense. Socialist leaders charged these pro-Western policies were blocking Soviet agreement to the reunification of Germany.

Hoping to end the Socialist dominance in the state, the Christian Democrats tried to capitalize on Adenauer's Moscow agreement to establish diplomatic relations with the Soviets in exchange for release of German war prisoners.

"Thank the Chancellor for the return of our war prisoners... and give him a personal vote of confidence for his foreign policies," the CDU said.

Elect 18 Democrats

Instead the voters elected only 18 Christian Democrats, 18 German party members, 8 Free Democrats and 4 Communists. The Nazi-banned Refugee party and the pro-Communist Association of Germans were shut out.

Post Office Department Declares Accusations By Senator Johnson Are False

WASHINGTON (AP)—The Post Office Department says Sen. Olin D. Johnson (D-S.C.) is "wholly misinformed" and "totally incorrect" in his charges that postmasters have been fired by "illegal and political" means.

This was the department's preliminary reply last night to Johnson's charges, made in a statement announcing a "sweeping" investigation.

The department reserved its full-dress reply for a speech to be delivered today by Norman R. Abrams, assistant postmaster general, to a postmasters convention in Detroit. The department promised Abrams' speech would "fully and completely" refute Johnson's charges.

Meantime, Sen. Carlson (R-Kan.) said in a telephone interview from his Concordia, Kan., home that Republicans would "welcome" the Johnson investigation. Johnson is chairman of the Senate Post Office and Civil Service Committee. Carlson is the group's ranking Republican member.

Check Complaints
Johnson said committee investigators now are checking on a large number of complaints. He said that eventually public hearings will be held in Michigan, Texas, California, Illinois, Missouri, Wisconsin, Pennsylvania and North Carolina.

He said his committee has received "thousands of documents" showing that the postal inspection service "under now and cleverly devised instructions from Washington is being used simply to oust postmasters because it is thought they did not vote for President Eisenhower in 1952."

"Some of the methods used by this administration are strikingly similar to the methods used by Nazi storm troopers under Hitler," Johnson declared.

"Force Or Scare"
"The tactic seems to be to force or scare a postmaster into submitting his resignation. Many thousands have done this rather than spend their hard-earned money in a fight to save their jobs."

He said that never in his nine years on the Post Office Committee has he "known the morale of postmasters and postal employees to be so low."

In its preliminary reply, the department said Johnson is "wholly misinformed" and expressed regret that he "has undertaken to make public charges without first checking with the department."

"Sen. Johnson says that 'many thousands' of postmasters have

been forced to resign under political pressure," the department said.

Resign Because Of Health
"The inaccuracy of this statement is proved by the fact that the resignations of postmasters under this administration other than by reasons of becoming eligible for pensions are in the hundreds and these are for reasons of health and other normal causes."

The department said that of "only 538 postmasters actually removed by this administration," 203 were ousted for embezzlement, the rest for "good cause," such as "poor management, failure to devote the required time to duty, personal misconduct and theft of mail."

"Only four were removed for illegal political activity," the department added.

Johnson said his committee "has information indicating that the jobs of postmasters and postal employees in Texas and several in some other states have been sold to the highest bidder."

NIXON WILL NOT MAKE VISIT TO MIDDLE EAST

WASHINGTON (AP)—Capital observers saw no prospect today that Vice President Nixon's now-postponed trip to the Middle East and Africa ever will take place.

They saw that result stemming from a number of factors, including President Eisenhower's illness, a more touchy diplomatic situation in the Middle East, and Nixon's own potential role in advance of next year's presidential election.

Presidential Press Secretary James C. Hagerly announced the postponement yesterday. He said Nixon would remain in this country to preside over meetings of the Cabinet and the National Security Council while the President recuperates. He told newsmen he could not say whether the trip would be rescheduled later.

Situation Is Critical
Some diplomatic observers remarked that the Middle Eastern situation has grown so much more critical since Nixon's tour first was proposed as to raise a question as to whether it should have been undertaken in any case.

Since then have come such developments as Egypt's deal for arms from Czechoslovakia, concluded against U. S. urgings.

There was some feeling in diplomatic circles that it would be almost impossible now to send a good will mission headed by an important official to the Middle East without running into great pressures involving U. S. policy decisions.

GRUENTHER IS URGING SINGLE UAF OVERSEAS

PARIS (AP)—Gen. Alfred M. Gruenther, supreme Allied commander in Europe, underscores the bad news today for NATO's defense ministers—Western Europe is still highly vulnerable to a Communist attack.

The ministers and many of the chiefs of staff of the 15 NATO nations went to Gruenther's headquarters outside Paris for the second day of a three-day meeting here. Gruenther was reported ready to emphasize NATO's serious shortcomings in the face of Russia's mighty armed forces.

Gruenther was said to favor particularly formation of a single integrated Allied air force to help counter the East's power. Built into one mighty striking arm, such an air force would be capable of swift and devastating retaliation against any aggressor, wherever he might strike.

Fly Together In Training
Under the present NATO setup, planes of the Western Allies fly together in defense exercises but operate under their various national authorities and are based behind numerous frontiers.

Gruenther also was expected to remind the defense heads that although West Germany now is in NATO, no real German reinforcement has been added yet.

The defense ministers' conference yesterday heard British and American air and naval commanders warn that Russian military might was increasing constantly, particularly in jet planes, submarines and nuclear weapons.

The speakers qualified these warnings, however, by saying they do not believe the Russians want war—at least not as long as there is a strong deterrent in the West.

OFFICIALS NAB RUHL, ESCAPEE

LEBANON, Pa. (AP)—Lebanon County detectives said a prisoner, who escaped from county jail last week, was recaptured yesterday, admitted escaping and returning to the jail last month unknown to prison officials.

John F. Lenker, Lebanon County detective, reported that questioning of Leon M. Ruhl, 25, Lebanon, led to a confession that the prisoner and another convict robbed a service station eight miles from here last month while they were believed safely in their cell block.

Lenker said Ruhl, nabbed in Palmyra yesterday after one week of

"freedom," implicated Ray H. Arnold in the midnight escape and return Sept. 22.

Police records show that on that day, someone broke into Richard's service station at Fredericksburg and made off with \$20 in cash and merchandise.

The two men went to Arnold's home at Lebanon R. 2. Lenker said Ruhl told him, got a gun and drove to Fredericksburg. They returned to jail with the gun.

Ruhl and John Ditzler, 24, sawed their way out of the county jail last Tuesday. Ditzler was arrested, near Pittsburgh the next day.

TIGHT MONEY SLOWING DOWN SOME BUSINESS

NEW YORK (AP)—Tight money is slowing down some phases of the business boom. Some of those being pinched, such as home builders are complaining.

But in retail sales the effect isn't yet apparent. Consumer credit continues its steady rise and installment debt stands at record levels.

Businessmen are paying the most for loans from New York banks since September 1953. The Federal Reserve Bank of New York reports average rates here rose sharply in the first half of September to 3.48 per cent. This results from a firmer money policy of the Federal Reserve System.

As interest rates rise, the prices

of U.S. Government securities fall. Banks often sell such securities to get money for loans to business. But if they sell them now they must take a loss and that makes them look twice at a businessman's application for a loan.

Home Mortgages Rise
The rapid rise of home mortgages to record levels caused the government to tighten up a little on mortgage terms. Builders say the tighter credit is now taking hold.

Home building contract volume was cut back in September to a point 6 per cent below the total for September 1954. F. W. Dodge Corp., construction specialists, report today. It was the first time since December 1953 that their monthly figures failed to show a gain over the corresponding month of the year before.

Predicts Easier Money
There's usually a lag of one to two months between contract awards and the start of construction. The building agency looks for home starts to taper off the

rest of this year.
The government apparently is attaining its objective of an "inflation free" level of new home building of between 1,200,000 and 1,300,000 new homes a year, Norman Strunk, executive vice president of the U. S. Savings and Loan League, says today. But he thinks the government will move swiftly if home construction drops very far, and we may "have a switch back to easier money by early next year."

Many builders, however, are complaining about the shortage of mortgage money. They say plans for future home building are being shelved in some cities.

Dr. Arthur F. Burns, chairman of the President's Council of Economic Advisers, expresses general satisfaction with the way credit restraints have worked out so far.

The Riangs, gentle and polite tribesman of southeast East Pakistan, have a strange way of expressing apology. They stick out their tongues.

Official Says USSR Threat Increases In Intensity As Conflict Proximity Lessens

By EDDY GILMORE
PARIS (AP) — A high British official warned the West Monday the Soviet Union's military threat has never been greater but said he does not believe the Russians want to start a world conflict.

Speaking to the defense ministers of the 15-nation North Atlantic Treaty Organization, Gen. Sir John Whiteley, Britain's member on NATO's three-man executive standing group in the Pentagon, said:

"The Soviet's military threat to NATO has never been greater than it is today." Then he added: "I don't believe the Soviets want war and they will probably try to avoid it if there's an adequate deterrent."

Gained Success With Jets
Gen. Whiteley said Russia has achieved spectacular successes with jet fighters and bombers, with nuclear weapons and with submarines.

"Their progress," he declared, "has been much more than we had foreseen a few years ago."

On the ground, he said, the Red army is "greatly strengthened in quality and equipment. It is in much better shape than ever before."

The British officer said the Russians have mastered the production problems of manufacturing jet airplanes for the H-bomb age.

"They've got a much better air force than ever before," he said. He showed the defense ministers secret photographic slides of some of Russia's newest planes and gave figure of their performances.

Whiteley said the recent announcement by Russia and her satellites of reduction of their armed forces by 800,000 men means no significant lowering of their ability to launch an attack. He said this was because the quality of weapons and trained soldiers have materially improved in the U.S.S.R.

Warns Against Complacency
The meeting was closed, but a NATO press officer gave reporters an account of the opening session of the three-day meeting.

U. S. Air Force Gen. E. E. Partridge, chief of U. S. continental defense and a member of the American-Canadian regional defense planning group, warned against complacency in view of the relative apparent relaxation in the cold war by the Kremlin's leaders.

Partridge said Dmitri Z. Manuilsky, a former Ukrainian delegate to the U. N. told the Lenin school of political warfare in 1931: "War to the hilt between communism and capitalism is inevitable."

Manuilsky, he said, advocated an era of pretended friendship with

the West in which capitalist nations would be lulled into a sense of false security.

Need Western Solidarity
France's new defense minister, Gen. Pierre Billotte, who has just returned from a flying trip to Moscow, told his colleagues his inspection convinced him of the "absolute necessity of Western solidarity for the preservation of our civilization."

Officials said the initial session did not touch on three of NATO's immediate problems—the drain of French manpower to North Africa to cope with the North African rebellion, the squabble between Greece and Turkey over Cyprus, and Britain's decision to cut its standing army by 100,000 men.

Neither Greece nor Turkey had its defense minister at the morning meeting, but both were represented by permanent representatives to NATO. In Greece, the new cabinet has not yet been confirmed by Parliament. Officials said Turkish Defense Minister F. R. Zorlu apparently had been delayed en route to Paris.

Moon Money Needed For Planetary Trip

BESSEMER, Ala. (AP) — A trip to the moon for two persons is possible — for about seven billion dollars.

That's the opinion of Charles D. Davidson, of the mission planning office of the Army, Ordnance Guided missile and rocket research center at Redstone, Ala.

In a speech here, Davidson says there are no insurmountable engineering barriers. All that's needed, he said, are money, manpower and a valid reason.

It was a honey of a fight while it lasted, though.

PA. PIKE PLAN SPEEDS UP TO LINK N.Y.-OHIO

By JOHN KOENIG JR.
HARRISBURG (AP) — The Pennsylvania Turnpike Commission is going ahead with plans for a possible six interchanges on its Erie County toll road to connect the New York and Ohio borders.

The commission is pointing for a letting of the first contracts on the 46-mile long superhighway shortly after Jan. 1.

The roadway, first in the Pennsylvania Turnpike system to be separated by a wide medial strip, shares priority in construction with the 110-mile northeastern extension.

The northeastern extension, running from Plymouth Meeting, near Philadelphia, to a point north of Scranton, is well underway with the first section due to be opened to traffic sometime this year.

Construct Barricade Interchanges
David E. Watson, commission member, said barricade interchanges will be constructed at the New York and Ohio borders. One interchange probably will be built for North East, Watson said, with two for the city of Erie and one other between there and Ohio.

The big innovation, however, will be the greatly widened medial strip. Franklin McSorley, turnpike commission chairman, said this center section will be 60 feet wide — first time it's been beyond 10 feet on any turnpike extension.

The Erie County spur was conceived originally as the top piece on a high T-shaped highway to be entitled the northwestern extension.

In recent weeks, however, McSorley let it be known that traffic surveys so far have not shown enough traffic to warrant proceeding with the main stem of the giant T.

Conduct New Survey
Watson has agreed that the results were "disappointing" but said an entire new survey will be made.

Previous surveys followed three proposed routes, all leaving from a point on the western section of the present main turnpike.

The three lines followed included one up the Allegheny Valley and then over toward Erie, another almost straight north from Pittsburg, and a third up the Beaver Valley in the direction of New Castle and Sharon.

Watson said that by the time any one of the three lines had been followed as far north as U.S. 322 "we had used up all the traffic."

A similar situation, he indicated, confronts plans for the so-called Keystone Shortway extension, approved by the 1955 Legislature. This route would run cross-state from Stroudsburg to Sharon, paralleling generally the present turnpike across southern Pennsylvania.

MICKEY COHEN LEAVES PRISON

STEELACOOM, Wash. (AP) — Mickey Cohen is on his way back to Los Angeles, where his name used to be mentioned in connection with rackets before he served almost four years for income tax evasion.

The pudgy and balding Cohen was freed from McNeil Island Federal Penitentiary Sunday.

He stepped off a launch, legged it two blocks trying to evade reporters, then met four men, including his brother Harry, a Chicago construction man. His first words were: "Where the hell you guys been?"

The quartet dashed to Harry Cohen's blue Cadillac. Then Mickey told reporters he was going back to Los Angeles. He told a Los Angeles Examiner reporter he was thinking of opening a bar and grill in Beverly Hills or the so-called Miracle Mile.

Cohen was sentenced to five years for evading \$156,123 in federal income taxes. He got 480 days off for good behavior. Relatives last week paid a \$10,000 fine for him.

The men, members of Local 802, AFL-International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers and Helpers walked out in a wage and pension dispute.

Al Groton, union president, said that last minute efforts by company President R. L. Burke and Arthur Adams of the Federal Mediation and Conciliation Service failed to break the "hopeless deadlock."

Pickets marched in front of the plant gates.

Groton said the union had sought a 7 per cent or 25-cent-an-hour wage increase, revision of the pension plan, an increase from \$30 to \$50 in weekly sick pay and an improved hospitalization plan, but the company offered only a six per cent pay boost.

NEW YORK (AP) — Former President Harry S. Truman gave reporters a brisk workout on his customary morning walk Monday, but confided he was slowing down a bit.

He used to go at 128 steps a minute, but it's down to 120 now, Truman said.

Concerning political matters, the ex-president reiterated:

"I've never been on anybody's band wagon," when asked about whom he'd support among Democratic presidential aspirants.

"I have no desire to be a boss," when asked if he had been attempting to line up delegates for any particular potential candidate.

"I don't believe it has any bearing on the political situation, what soever," when queried about President Eisenhower's illness.

Truman was accompanied by 20 photographers and a half dozen reporters on his 25-minute walk through midtown streets after stepping out of his hotel at 7 a.m.

He said he had a "long standing engagement" for luncheon Monday with members of the editorial staff of the New York Times.

In town primarily to greet his daughter, Margaret, home from a two-month vacation in Europe, Truman said he would skip the morning walk today in order to get over early to the pier of the incoming liner United States. He arrived here Sunday.

Official Says USSR Threat Increases In Intensity As Conflict Proximity Lessens

By EDDY GILMORE

PARIS (AP)—A high British official warned the West Monday the Soviet Union's military threat has never been greater but said he does not believe the Russians want to start a world conflict.

Speaking to the defense ministers of the 15-nation North Atlantic Treaty Organization, Gen. Sir John Whiteley, Britain's member on NATO's three-man executive standing group in the Pentagon, said:

"The Soviet's military threat to NATO has never been greater than it is today." Then he added: "I don't believe the Soviets want war and they will probably try to avoid it if there's an adequate deterrent."

Gained Success With Jets

Gen. Whiteley said Russia has achieved spectacular successes with jet fighters and bombers, with nuclear weapons and with submarines.

"Their progress," he declared, "has been much more than we had foreseen a few years ago."

On the ground, he said, the Red Army is "greatly strengthened in quality and equipment. It is in much better shape than ever before."

The British official said the Russians have mastered the production problems of manufacturing jet airplanes for the H-bomb age.

"They've got a much better air force than ever before," he said. He showed the defense ministers secret photographic slides of some of Russia's newest planes and gave figures of their performances.

Whiteley said the recent announcement by Russia and her satellites of reduction of their armed forces by 800,000 men means no significant lowering of their ability to launch an attack. He said this was because the quality of weapons and trained soldiers have materially improved in the U.S.S.R.

Warns Against Complacency

The meeting was closed, but a NATO press officer gave reporters an account of the opening session of the three-day meeting.

U. S. Air Force Gen. E. E. Partridge, chief of U. S. continental defense and a member of the American-Canadian regional defense planning group, warned against complacency in view of the relative apparent relaxation in the cold war by the Kremlin's leaders.

Partridge said Dmitri Z. Manulsky, a former Ukrainian delegate to the U. N. told the Lenin school of political warfare in 1931: "War to the hilt between communism and capitalism is inevitable."

Manulsky, he said, advocated an era of pretended friendship with

the West in which capitalist nations would be lulled into a sense of false security.

Need Western Solidarity

France's new defense minister, Gen. Pierre Billotte, who has just returned from a flying trip to Morocco, told his colleagues his inspection convinced him of the "absolute necessity of Western solidarity for the preservation of our civilization."

Officials said the initial session did not touch on three of NATO's immediate problems—the drain of French manpower to North Africa to cope with the North African rebellion, the squabble between Greece and Turkey over Cyprus, and Britain's decision to cut its standing army by 100,000 men.

Neither Greece nor Turkey had its defense minister at the morning meeting, but both were represented by permanent representatives to NATO. In Greece, the new cabinet has not yet been confirmed by Parliament. Officials said Turkish Defense Minister F. R. Zorlu apparently had been delayed en route to Paris.

Moon Money Needed For Planetary Trip

It was a honey of a fight while it lasted, though.

PA. PIKE PLAN SPEEDS UP TO LINK N.Y.-OHIO

By JOHN KOENIG JR.

HARRISBURG (AP)—The Pennsylvania Turnpike Commission is going ahead with plans for a possible six interchanges on its Erie County toll road to connect the New York and Ohio borders.

The commission is pointing for a letting of the first contracts on the 46-mile long superhighway shortly after Jan. 1.

The roadway, first in the Pennsylvania Turnpike system to be separated by a wide median strip, shares priority in construction with the 110-mile northeastern extension.

The northeastern extension, running from Plymouth Meeting, near Philadelphia, to a point north of Scranton, is well underway with the first section due to be opened to traffic sometime this year.

Construct Barricade Interchanges. David E. Watson, commission member, said barricade interchanges will be constructed at the New York and Ohio borders. One interchange probably will be built for North East, Watson said, with two for the city of Erie and one other between there and Ohio.

The big innovation, however, will be the greatly widened median strip. Franklin McSorley, turnpike commission chairman, said this center section will be 60 feet wide—first time it's been beyond 10 feet on any turnpike extension.

The Erie County spur was conceived originally as the top piece on a high T-shaped highway to be entitled the northwestern extension.

In recent weeks, however, McSorley let it be known that traffic surveys so far have not shown enough traffic to warrant proceeding with the main stem of the giant T.

Conduct New Survey

Watson has agreed that the results were "disappointing" but said an entire new survey will be made. Previous surveys followed three proposed routes, all leaving from a point on the western section of the present main turnpike.

The three lines followed included one up the Allegheny Valley and then over toward Erie, another almost straight north from Pittsburgh, and a third up the Beaver Valley in the direction of New Castle and Sharon.

Watson said that by the time any one of the three lines had been followed as far north as U.S. 322 "we had used up all the traffic."

A similar situation, he indicated, confronts plans for the so-called Keystone Shortway extension, approved by the 1955 Legislature. This route would run cross-state from Stroudsburg to Sharon, paralleling generally the present turnpike across southern Pennsylvania.

The pudgy and balding Cohen was freed from McNeil Island Federal Penitentiary Sunday.

He stepped off a launch, legged it two blocks trying to evade reporters, then met four men, including his brother Harry, a Chicago construction man. His first words were: "Where the hell you guys been?"

The quartet dashed to Harry Cohen's blue Cadillac. Then Mickey told reporters he was going back to Los Angeles. He told a Los Angeles Examiner reporter he was thinking of opening a bar and grill in Beverly Hills or the so-called Miracle Mile.

Cohen was sentenced to five years for evading \$156,123 in federal income taxes. He got 480 days off for good behavior. Relatives last week paid a \$10,000 fine for him.

The men, members of Local 802, AFL-International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers and Helpers walked out in a wage and pension dispute.

Al Groton, union president, said that last minute efforts by company President R. L. Burke and Arthur Adams of the Federal Mediation and Conciliation Service failed to break the "hopeless deadlock."

Pickets marched in front of the plant gates.

Groton said the union had sought a 7 per cent or 25-cent-an-hour wage increase, revision of the pension plan, an increase from \$30 to \$50 in weekly sick pay and an improved hospitalization plan, but the company offered only a six per cent pay boost.

Post Office Department Declares Accusations By Senator Johnson Are False

WASHINGTON (AP)—The Post Office Department says Sen. Olin D. Johnson (D-SC) is "wholly misinformed" and "totally incorrect" in his charges that postmasters have been fired by "illegal and political" means.

This was the department's preliminary reply last night to Johnson's charges made in a statement at launching a "sweeping" investigation.

The department reserved its full reply to a speech to be delivered today by Norman R. Abrams, assistant postmaster general, to a postmasters convention in Detroit. The department promised Abrams' speech would "fully and completely" refute Johnson's charges.

Meanwhile Sen. Carlson (R-Kan.) said in a telephone interview from his Concord, Kan., home that Republicans would "welcome" the Johnson investigation. Johnson is chairman of the Senate Post Office and Civil Service Committee. Carlson is the group's ranking Republican member.

Check Complaints

Johnson said committee investigators now are checking on a large number of complaints. He said that eventually public hearings will be held in Michigan, Texas, California, Illinois, Missouri, Wisconsin, Pennsylvania and North Carolina.

He said his committee has received "thousands of documents" showing that the postal inspection service "under new and cleverly devised instructions from Washington is being used simply to oust postmasters because it is thought they did not vote for President Eisenhower in 1952."

"Some of the methods used by this administration are strikingly similar to the methods used by Nazi storm troopers under Hitler," Johnson declared.

"Force Or Scare"

"The tactic seems to be to force or scare a postmaster into submitting his resignation. Many thousands have done this rather than spend their hard-earned money in a fight to save their jobs."

He said that never in his nine years on the Post Office Committee has he "known the morale of postmasters and postal employees to be so low."

In its preliminary reply, the department said Johnson is "wholly misinformed" and expressed regret that he "has undertaken to make public charges without first checking with the department."

"Sen. Johnson says that 'many thousands' of postmasters have been forced to resign under political pressure," the department said.

Resign Because Of Health

"The inaccuracy of this statement is proved by the fact that the resignation of postmasters under his administration often has been by reason of becoming disabled by reasons of old age or for reasons of health," the department said.

The department said that of only 538 postmasters it had removed by this administration, 293 were ousted for employment "for reasons of good cause such as poor management, failure to devote the required time to duty, personal misconduct and lack of mail."

"Only four were removed for illegal political activity," the department added.

Johnson said his committee "has information indicating that the jobs of postmasters and postal employees in Texas and several in some other states have been sold to the highest bidder."

GRUENTHER IS URGING SINGLE UAF OVERSEAS

PARIS (AP)—Gen. Alfred M. Gruenther, supreme Allied commander in Europe, underscored the bad news today for NATO's defense in Western Europe's still highly vulnerable to a Communist attack.

The ministers had made of the news of the 15 NATO nations' agreement to Gruenther's headquarters outside Paris for the second day of a three-day meeting.

Gruenther was reported to have emphasized NATO's serious shortcomings in the face of Russia's mighty armed forces.

Gruenther was said to favor particular formation of a single integrated Allied air force to help counter the East's power built into one mighty striking arm. Such an air force would be capable of swift and devastating retaliation against any aggressor, wherever he might strike.

Fly Together In Training

Under the present NATO setup, planes of the Western Allies fly together in defense exercises but operate under their various national authorities and are based behind numerous frontiers.

Gruenther also was expected to remind the defense heads that although West Germany now is in NATO, no real German reinforcement has been added yet.

The defense ministers' conference yesterday heard British and American air and naval commanders warn that Russian military might was increasing constantly, particularly in jet planes, submarines and nuclear weapons.

The speakers qualified these warnings, however, by saying they do not believe the Russians want war—at least not as long as there is a strong deterrent in the West.

TIGHT MONEY SLOWING DOWN SOME BUSINESS

NEW YORK (AP)—Tight money is slowing down some phases of the business boom. Some of those being pinched, such as home builders are complaining.

But in retail sales the effect isn't yet apparent. Consumer credit continues its steady rise and installment debt stands at record levels.

Businessmen are paying the most for loans from New York banks since September 1953. The Federal Reserve Bank of New York reports average rates here rose sharply in the first half of September to 3.48 per cent. This results from a firmer money policy of the Federal Reserve System.

As interest rates rise, the prices for home starts to taper off the

rest of this year.

The government apparently is attaining its objective of an "inflation free" level of new home building of between 1,200,000 and 1,300,000 new homes a year, Norman Strunk, executive vice president of the U. S. Savings and Loan League, says today. But he thinks the government will move swiftly if home construction drops very far, and we may "have a switch back to easier money by early next year."

Many builders, however, are complaining about the shortage of mortgage money. They say plans for future home building are being shelved in some cities.

Dr. Arthur F. Burns, chairman of the President's Council of Economic Advisers, expresses general satisfaction with the way credit restraints have worked out so far.

The Rlangs, gentle and polite tribesman of southeast East Pakistan, have a strange way of expressing apology. They stick out their tongues.

Home Mortgages Rise

The rapid rise of home mortgages to record levels caused the government to tighten up a little on mortgage terms. Builders say the tighter credit is now taking hold.

Home building contract volume was cut back in September to a point 6 per cent below the total for September 1954. F. W. Dodge Corp. construction specialists, report today. It was the first time since December 1953 that their monthly figures failed to show a gain over the corresponding month of the year before.

Predicts Easier Money

There's usually a lag of one to two months between contract awards and the start of construction. The building agency looks for home starts to taper off the

NIXON WILL NOT MAKE VISIT TO MIDDLE EAST

WASHINGTON (AP)—Capital observers saw no prospect today that Vice President Nixon's now-postponed trip to the Middle East and Africa ever will take place.

They saw that result stemming from a number of factors, including President Eisenhower's illness, a more touchy diplomatic situation in the Middle East, and Nixon's own potential role in advance of next year's presidential election.

Presidential Press Secretary James C. Hagerity announced the postponement yesterday. He said Nixon would remain in this country to preside over meetings of the Cabinet and the National Security Council while the President recuperates. He told newsmen he could not say whether the trip would be rescheduled later.

Situation Is Critical

Some diplomatic observers remarked that the Middle Eastern situation has grown so much more critical since Nixon's tour first was proposed as to raise a question as to whether it should have been undertaken in any case.

Since then have come such developments as Egypt's deal for arms from Czechoslovakia, concluded against U. S. urging.

There was some feeling in diplomatic circles that it would be almost impossible now to send a good will mission headed by an important official to the Middle East without running into great pressures involving U. S. policy decisions.

SEATTLE (AP)—To accommodate more cats outside the Port Commission's headquarters painters laid out one set of parking lanes so close together the average-size driver can't squeeze out of his car once its parked. One port official said "We're either going to have to get broader parking strips or thinner commissioners."

OFFICIALS NAB RUHL, ESCAPEE

LEBANON, Pa. (AP)—Lebanon County detectives said a prisoner, who escaped from county jail last week and was recaptured yesterday, admitted escaping and returning to the jail last month unknown to prison officials.

John F. Lenker, Lebanon County detective, reported that questioning of Leon M. Ruhl, 25, Lebanon, led to a confession that the prisoner and another convict robbed a service station eight miles from here last month while they were believed safely in their cell block.

Lenker said Ruhl, nabbed in Palmyra yesterday after one week of

freedom," implicated Ray H. Arnold in the midnight escape and return Sept. 22.

Police records show that on that day, someone broke into Richard's service station at Fredericksburg and made off with \$20 in cash and merchandise.

The two men went to Arnold's home at Lebanon R. 2, Lenker said Ruhl told him, got a gun and drove to Fredericksburg. They returned to jail with the gun.

Ruhl and John Ditzler, 24, sawed their way out of the county jail last Tuesday. Ditzler was arrested near Pittsburgh the next day.

FRENCH PREMIER FACES SECOND TEST OF POWER

PARIS (AP)—The National Assembly turned its attention to troubled French North Africa today for the second time in less than a week, opening a three-day debate on Premier Edgar Faure's plans to suppress nationalist violence in Algeria.

With the Communists the only faction favoring the Algerian nationalists, Faure was expected to win a grudging endorsement for his policy of military action against the terrorists and guerrillas.

The Assembly has approved home rule for France's other North African territories, the protectorates of Tunisia and Morocco, but unlike them Algeria constitutionally is a part of France itself. The bulk of the deputies neither want to let the territory go nor give its eight million Moslems the same rights that the 1,200,000 residents of European origin enjoy.

16 Against 12
The Algerian French, for example, elect 16 deputies to the French National Assembly while the Moslems—more than six times as numerous—name only 12.

One strong sentimental factor in Faure's favor was his withdrawal of France's delegation to the U. N. General Assembly after it voted 26-27 to debate the Algerian situation. The walkout was widely popular in France, and the deputies would be reluctant to repudiate the government on any question connected with it.

The grim daily reports of terrorist activity in Algeria continued to flow across the Mediterranean. At Boudouba a dozen rebels armed with Tommy guns and rifles shot down a native municipal councilor in the market square. At Douar Souhalia 15 terrorists set a grocery store afire and cut a 17-year-old girl's throat. Near Marnia the

bodies of three kidnaped Moslems of French citizenship were found under a pile of stones, their throats cut.

The French struck back at a band which raided the European residential district at Jemmapes, killing three and taking 30 others prisoner.

In the other North African hot spot, Morocco, French businessmen and shopkeepers went back to work today after a 24-hour strike protesting the government's plans to meet the nationalist demands for home rule. The strike was particularly effective in Casablanca, the protectorate's big port and commercial center where strong-arm gangs of French toughs helped to close shops.

One set features stylized golden flakes in a delicate geometric pattern and is rimmed with gold. Another has turquoise and silver fish, and still another is gay with swirls of pink and charcoal black accented with gold.

18 INJURED IN LIQUID BLAZE

MARCUS HOOK, Pa. (AP)—An explosion rocked a low-pressure receiving unit of the Sinclair Oil Co. refinery in nearby Trainer yesterday and showered workers and supervisors with liquid fire, injuring at least 18 men, four critically.

Flames poured out of the unit and covered those closest to the explosion. Homes and stores in a 20-square-block area were shaken.

A company spokesman said a bad break had developed in a gasoline line in the basement of the receiving unit and the explosion occurred while 8 to 12 men, mostly supervisors, tried to repair it.

The receiving house, a 20 by 40-foot brick and steel building was wrecked. The flames were put out in about an hour and a half.

The receiving unit takes in and dispenses a variety of petroleum products after the refining process. It handles an average of 50,000 barrels of oil daily. Some 1,450 per-

JURY INDICTS GRECO FOR U.S. PROPERTY CLAIM

SCRANTON, Pa. (AP)—Samuel A. Greco, Lebanon, was indicted by a federal grand jury yesterday on a charge of conveying United States property to himself under the name of the Sagre Co. while pretending to be a United States employee.

Greco also was charged with causing about \$100 damage to the administration building of the Yorktown Homes war housing project at York.

Meanwhile, government attorneys are under court command to prepare an order restoring to the government title to six lots and the administration building of the Yorktown Homes.

U. S. Dist. Judge Frederick V. Polimer directed the attorneys in Williamsport yesterday to prepare the order after a hearing on a government motion for summary judgment against Greco who allegedly conveyed the property to the Sagre Co., which he owns.

Fires Deed
Judge Polimer indicated he would sign the order when it is presented. The government claims that Greco filed a fraudulent government deed with the York County register of wills conveying the property to himself.

In other action the federal grand jury in Scranton indicted Linwood R. White, 27, Philip G. Anthony, 43, and his wife, Henrietta, 42, on charges of attempted robbery of the First National Bank of Ulster, Bradford County, Pa., Sept. 12.

Also indicted by the grand jury was William W. Keeler, publisher, editor and business manager of three Wyoming County newspapers for allegedly making false circulation statements with the Post Office Dept. and defrauding advertisers.

Others indicted included:

James E. Ray, Lewistown, charged with failure to accept work in the Harrisburg State Hospital which was assigned to him by his local draft board after he registered as a conscientious objector.

Harold Frank Frisbie, charged with transporting a 17-year-old girl from Nichols, N. Y., to the Brown's Run section of Bradford County for immoral purposes.

Darrie Grady Harris, Fulton County, charged with driving a stolen car from Cleveland to Fulton County April 30.

Donald E. Palcyn, Williamsport, charged with forging false checks for \$91.30 and \$137.10.

Others Indicted
Anthony Matinchek, Harrisburg, charged with failure to pay an occupation tax of \$50 a year for gamblers.

Jennie Nagy, Berwick, charged with trying to export money from John Roll, also of Berwick, on Jan. 31 and Feb. 8 by threatening to harm him, his wife and his son.

Elmer E. Ray, Lewistown, charged with failure to accept work in the Harrisburg State Hospital which was assigned to him by his local draft board after he registered as a conscientious objector.

Harold Frank Frisbie, charged with transporting a 17-year-old girl from Nichols, N. Y., to the Brown's Run section of Bradford County for immoral purposes.

Darrie Grady Harris, Fulton County, charged with driving a stolen car from Cleveland to Fulton County April 30.

CALIFORNIA BEANS

SACRAMENTO, Calif. (AP)—Of course you know about the little white beans Boston has made famous. But did you know that California, the nation's top producer of dried beans, also grows nearly a dozen other varieties? They are large limas, small limas, blackeyes, red kidneys, pintos, pinks, cranberries, California reds and Garbanzos. In 1954 the state produced 27 per cent of the nation's total dry bean crop.

The U. S. aircraft carrier Saratoga has a power plant that develops 200,000 horsepower.

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, soapy, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

STUDENTS RUN PUPPET SHOWS AT HIGH SCHOOL

DETROIT (AP)—In a puppet show, the most important people are behind the scenes.

Take Mumford High's marionette show, "The Thirteen Clocks."

If the evil duke, the handsome prince, the beautiful princess, the girl who weeps real jewels and nine other characters seem real to the audience, that's because the youngsters backstage make them that way.

Mumford's Art and Broadcasting Clubs made a complete package of the show. They adapted the script from a James Thurber short story, designed the sets, made the puppets, taped the sound and manipulated the characters under the lights.

Idea for the show originated with Mel Birnkant, a student who read "The Thirteen Clocks" and got the idea for making the Duke, the Duke, the most ambitious of the puppets, is the only who can open his mouth and raise his eyebrows.

floor," pointed out one girl.

Mel made him "off and on for over a year in between homework sessions."

Thurber gave his permission for the story's adaption and the show got underway.

Art students made the puppets, or strictly speaking, marionettes (string puppets). Ordinary materials were used, like steel wool for gray hair; a black-dyed sponge for a beard. An indestructible, flexible material was molded into faces.

Bodies were muslin and wood joined with leather thongs. The girls in the Art Club made the costumes and manipulated the puppets. Wires attached to the hands, feet and head are manipulated by central controls.

Finding the right voices to match the puppets was another problem. Broadcasting Club students auditioned. The chosen actors ran through the play a couple of times, and then got acquainted with the puppets to have a better idea of the characters. Finally the sound was put on tape.

Puppet manipulators rehearsed often to get the puppets and voices to move together. There are other things to watch too.

"You have to be careful to keep your marionettes' feet on the floor," pointed out one girl.

A demonstration of the best known methods of hair and scalp treatments to be given to the citizens of our city.

What Is Your Reason For BALDNESS?

ALL MERRILL CLIENTS IN THE VICINITY OF GETTYSBURG, PENNSYLVANIA, ARE INVITED TO APPEAR AT HOTEL GETTYSBURG, ON FRIDAY, OCTOBER 14, 12 NOON UNTIL 9 P.M. THESE PRIVATE INDIVIDUAL EXAMINATIONS ARE FREE OF CHARGE AND ARE A PART OF THE ESTABLISHED SERVICE TO OUR CLIENTS.

Oklahoma City, Oklahoma, Sept. 14. In an interview here today, R. Blaine Dixon, international hair and scalp consultant and Director of Merrill Hair & Scalp Consultants, said: "There are many different scalp conditions that may cause men and women to lose their hair. Using common sense, a person must realize no one tonic or so called cure-all can correct all these different conditions," he explained.

READ WHAT A FEW OF THE MEMBERS OF THE AMERICAN HAIR AND SCALP ASSOCIATIONS' MANY SATISFIED CLIENTS HAVE SAID ABOUT THEIR HOME TREATMENT IN THEIR UNSOLICITED REPORTS: THERE ARE MANY MORE IN OUR FILES:

"My hair has grown very much, you can see new hair all over my scalp. The new hair looks lively and much better. I am well pleased with my hair, it looks so much better and much thicker and I thank you so much."

C. Burkett
Dorthan, Alabama

"I am quite well pleased with the success I have had as far as I have gone, which was the three months course, and I am convinced that with continued massaging and non-alcoholic shampoo I will be able to take care of my scalp without further treatment. I have learned quite a lot about caring for my scalp."

R. Langton
Walla Walla, Washington

"Since beginning my treatment my hair is softer, more manageable, and it is not breaking or coming out nearly so much. I notice a general appearance of new hair all over my scalp. I am very pleased with the treatment."

B. P. Brown
Alva, Oklahoma

Guaranteed
Not everyone can be helped by the

Merrill Home Treatment. Only those we think we can help are accepted for treatment. Those who are accepted for Merrill Home Treatment are given this guarantee. "If you are not completely satisfied at the end of thirty days, your money will be returned." This is only because most people are skeptical of claims that hair can grow on balding heads. Usually when a person avails himself of the Merrill treatment, his skepticism disappears.

No Cure-All
"We have no cure-all for slick, shiny baldness," Dixon emphasizes. "If there is still fuzz, that hair follicle of the scalp is still producing hair. Merrill's users have grown hair. We have many reports testifying that after using our home treatment, weak fuzz has developed into healthy mature hair. Proper use of this home treatment may bring about a healthy scalp condition which will help the body to produce new hair. If there is any fuzz at all, a healthy scalp condition may be restored, and the hair may grow normally again as nature intended." There is one thing Dixon wants to be certain every man and woman knows. If a recession appears at the temple or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

Free Examination
In addition to reexamining present clients, the Merrill method of home treatment will be demonstrated to others who are interested. The examination is very thorough and highly technical. It requires 20 to 30 minutes. The Consultant makes no charge for this examination and no appointment is necessary. After examining the person, he is told the required length of treatment and how much it will cost. Regular reports are made to the Merrill firm in Oklahoma City to check the progress of the home treatment.

HOW'S YOUR HAIR
IF IT WORRIES YOU CALL OUR CONSULTANT, J. F. SCOTT, AT HOTEL GETTYSBURG IN GETTYSBURG ON FRIDAY ONLY, OCTOBER 14, 12 NOON UNTIL 9:00 P.M. THE PUBLIC IS INVITED. THE EXAMINATIONS ARE PRIVATE AND OPEN TO MEN AND WOMEN. YOU DO NOT NEED AN APPOINTMENT AND YOU WILL NOT BE EMBARRASSED OR OBLIGATED IN ANY WAY.

FRENCH PREMIER
FACES SECOND
TEST OF POWER

PARIS (AP)—The National Assembly turned its attention to troubled French North Africa today for the second time in less than a week, opening a three-day debate on Premier Edgar Faure's plans to suppress nationalist violence in Algeria.

With the Communists the only faction favoring the Algerian nationalists, Faure was expected to win a grudging endorsement for his policy of military action against the terrorists and guerrillas.

The Assembly has approved home rule for France's other North African territories, the protectorates of Tunisia and Morocco, but unlike them Algeria constitutionally is a part of France itself. The bulk of the deputies neither want to let the territory go nor give its eight million Moslems the same rights that the 1,230,000 residents of European origin enjoy.

16 Against 12

The Algerian French, for example, elect 16 deputies to the French National Assembly while the Moslems—more than six times as numerous—name only 12.

One strong sentimental factor in Faure's favor was his withdrawal of France's delegation to the U. N. General Assembly after it voted 28-27 to debate the Algerian situation. The walkout was widely popular in France, and the deputies would be reluctant to repudiate the government on any question connected with it.

The grim daily reports of terrorist activity in Algeria continued to flow across the Mediterranean. At Bouderbala a dozen rebels armed with Tommy guns and rifles shot down a native municipal councillor in the market square. At Douar Souhalia 15 terrorists set a grocery store afire and cut a 17-year-old girl's throat. Near Marila the

bodies of three kidnaped Moslems of French citizenship were found under a pile of stones, their throats cut.

The French struck back at a band which raided the European residential district at Jemmapes, killing three and taking 30 others prisoner.

In the other North African hot spot, Morocco, French businessmen and shopkeepers went back to work today after a 24-hour strike protesting the government's plans to meet the nationalist demands for home rule. The strike was particularly effective in Casablanca, the protectorate's big port and commercial center where strong-arm gangs of French toughs helped to close shops.

Another has turquoise and silver fish, and still another is gay with swirls of pink and charcoal black accented with gold.

18 INJURED IN
LIQUID BLAZE

MARCUS HOOK, Pa. (AP)—An explosion rocked a low-pressure receiving unit of the Sinclair Oil Co. refinery in nearby Trainer yesterday and showered workers and supervisors with liquid fire, injuring at least 18 men, four critically.

Flames poured out of the unit and covered those closest to the explosion. Homes and stores in a 20-square-block area were shaken.

A company spokesman said a bad break had developed in a gasoline line in the basement of the receiving unit and the explosion occurred while 8 to 12 men, mostly supervisors, tried to repair it.

The receiving house, a 20 by 40-foot brick and steel building was wrecked. The flames were put out in about an hour and a half.

The receiving unit takes in and dispenses a variety of petroleum products after the refining process. It handles an average of 50,000 barrels of oil daily. Some 1,450 per-

JURY INDICTS
GRECO FOR U.S.
PROPERTY CLAIM

SCRANTON, Pa. (AP)—Samuel A. Greco, Lebanon, was indicted by a federal grand jury yesterday on a charge of conveying United States property to himself under the name of the Sagre Co. while pretending to be a United States employee.

Greco also was charged with causing about \$100 damage to the administration building of the Yorktown Homes war housing project at York.

Meanwhile, government attorneys are under court command to prepare an order restoring to the government title to six lots and the administration building of the Yorktown Homes.

U.S. Dist. Judge Frederick V. Pollner directed the attorneys in Williamsport yesterday to prepare the order after a hearing on a government motion for summary judgment against Greco who allegedly conveyed the property to the Sagre Co., which he owns.

Fires Dead
Judge Pollner indicated he would sign the order when it is presented. The government claims that Greco filed a fraudulent government deed with the York County register of wills conveying the property to himself.

In other action the federal grand jury in Scranton indicted Linwood R. White, 27, Philip G. Anthony, 43, and his wife, Henrietta, 42, on charges of attempted robbery of the First National Bank of Ulster, Bradford County, Pa., Sept. 12.

Also indicted by the grand jury was William W. Keeler, publisher, editor and business manager of three Wyoming County newspapers for allegedly making false circulation statements with the Post Office Dept. and defrauding advertisers.

Others indicted included:

Sons are employed at the refinery. The blast occurred a few minutes after the day force had left the plant but some of the workers upon hearing the explosion rushed back and helped fight the fire.

There was no estimate of damage.

Donald E. Paleyn, Williamsport, charged with forging false checks for \$91.30 and \$137.10.

Others Indicted
Anthony Malinckek, Harrisburg, charged with failure to pay an occupation tax of \$50 a year for gamblers.

Jennie Nagy, Berwick, charged with trying to extort money from John Roll, also of Berwick, on Jan. 31 and Feb. 8 by threatening to harm him, his wife and his son.

Elmer E. Ray, Lewistown, charged with failure to accept work in the Harrisburg State Hospital which was assigned to him by his local draft board after he registered as a conscientious objector.

Harold Frank Frisbie, charged with transporting a 17-year-old girl from Nichols, N.Y., to the Brown's Run section of Bradford County for immoral purposes.

Darlie Grady Harris, Fulton County, charged with driving a stolen car from Cleveland to Fulton County April 30.

CALIFORNIA BEANS
SACRAMENTO, Calif. (AP)—Of course you know about the little white beans Boston has made famous. But did you know that California, the nation's top producer of dried beans, also grows nearly a dozen other varieties? They are large limas, small limas, black-eyed, red kidneys, pintos, pinks, cranberries, California reds and Garbanzos. In 1954 the state produced 27 per cent of the nation's total dry bean crop.

Rock, Slide or Slip?

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, sticky, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

STUDENTS RUN
PUPPET SHOWS
AT HIGH SCHOOL

DETROIT (AP)—In a puppet show, the most important people are behind the scenes.

Take Mumford High's marionette show, "The Thirteen Clocks."

If the evil duke, the handsome prince, the beautiful princess, the girl who weeps real jewels and nine other characters seem real to the audience, that's because the youngsters backstage make them that way.

Mumford's Art and Broadcasting Clubs made a complete package of the show. They adapted the script from a James Thurber short story, designed the sets, made the puppets, taped the sound and manipulated the characters under the lights.

Idea for the show originated with Mel Birnkant, a student who read "The Thirteen Clocks" and got the idea for making the Duke, The Duke, the most ambitious of the puppets, is the only who can open his mouth and raise his eyebrows.

Mel made him "off and on for over a year in between homework sessions."

Thurber gave his permission for the story's adaption and the show got underway.

Art students made the puppets, or strictly speaking, marionettes (string puppets). Ordinary materials were used, like steel wool for gray hair; a black-dyed sponge for a beard. An indestructible, flexible material was molded into faces.

Bodies were muslin and wood joined with leather thongs. The girls in the Art Club made the costumes and manipulated the puppets. Wires attached to the hands, feet and head are manipulated by central controls.

Finding the right voices to match the puppets was another problem. Broadcasting Club students auditioned. The chosen actors ran through the play a couple of times, and then got acquainted with the puppets to have a better idea of the characters. Finally the sound was put on tape.

Puppet manipulators rehearsed often to get the puppets and voices to move together. There are other things to watch too.

"You have to be careful to keep your marionette's feet on the floor," pointed out one girl.

ALL MERRILL CLIENTS IN THE VICINITY OF GETTYSBURG, PENNSYLVANIA, ARE INVITED TO APPEAR AT HOTEL GETTYSBURG, ON FRIDAY ONLY, OCTOBER 14, 12 NOON UNTIL 6 P.M. THESE PRIVATE INDIVIDUAL EXAMINATIONS ARE FREE OF CHARGE AND ARE A PART OF THE ESTABLISHED SERVICE TO OUR CLIENTS.

Oklahoma City, Oklahoma, Sept. 14: In an interview here today, R. Blaine Dixon, international hair and scalp consultant and Director of Merrill Hair & Scalp Consultants, said: "There are many different scalp conditions that may cause men and women to lose their hair. Using common sense, a person must realize no one tonic or so-called cure-all can correct all these different conditions," he explained.

READ WHAT A FEW OF THE MEMBERS OF THE AMERICAN HAIR AND SCALP ASSOCIATION'S MANY SATISFIED CLIENTS HAVE SAID ABOUT THEIR HOME TREATMENT IN THEIR UNSOLICITED REPORTS: THERE ARE MANY MORE IN OUR FILES:

"My hair has grown very much. You can see new hair all over my scalp. The new hair looks lively and much better. I am well pleased with my hair. It looks so much better and much thicker and I thank you so much."

C. Burkett
Dorthan, Alabama

"I am quite well pleased with the success I have had as far as I have gone, which was the three months course, and I am convinced that with continued massaging and non-alcoholic shampoo I will be able to take care of my scalp without further treatment. I have learned quite a lot about caring for my scalp."

R. Langston
Walla Walla, Washington

"Since beginning my treatment my hair is softer, more manageable, and it is not breaking or coming out nearly so much. I notice a general appearance of new hair all over my scalp. I am very pleased with the treatment."

GREETING CARD KING WORKS TO MAKE GAGS PAY

The Associated Press
CHICAGO — Every time Billy Harris meets a stranger he's asked to say something funny.

"Sometimes I say: 'Well, it isn't so easy to say something funny. I can't get anywhere just going around making funny quips. If I have anything to say that's funny, I make a greeting card out of it,'" he says.

As producer of 10 million cartoon-type greeting cards a year, it's one of his biggest problems. Also he must come up with ideas for 200 new cards a year.

Tired Of "Mush"
Typical is a Tallulah-like drawing bearing a simple but emphatic message: "Dahling . . . drop dead!"

"My idea is that folks are tired of the gushy, hearis and flowers greeting card. I know when I'd want to send anyone a card that's all I could find. So I thought there must be a lot of people who thought the same about all the mush," Harris says.

One of his cards says: "I don't want to seem nosy, but isn't it your birthday again? Many Happy returns." Inside the folded card a cross-eyed character pops out a long nose as the card is opened.

Gives New Look
As chief designer and company head, Harris is putting a new look into the 300-million-dollar greeting card industry with his action cards.

His smoking rabbit card dramatizes greetings by a cigarette which is lit by the receiver. Smoke rings puff from the tiny novelty tag.

A jigsaw puzzle greeting card is signed by the sender and taken apart before it is mailed. The receiver must put the puzzle together before he learns who sent it.

Humor Comes Easy
Humor comes easy for Harris, 37. His father was Harry Harris, a song and dance man of the vaudeville circuit.

Harris himself is an amateur entertainer, doing a routine at local benefits shows. It's one he used during his tour in the U. S. Army Air Forces at war bond drives throughout the West, after being drafted while working in a defense plant in Los Angeles.

Discharged in 1946, he returned home to Chicago and obtained an established greeting card firm.

Last One Year
About 75 per cent of the new cards he creates last only a year.

He gets ideas for cards from jokes, daily life and the 10,000 letters a year he receives from contributors. Few of the contributions are utilized, however, although he reads all of them on the chance that one may spark an idea.

Harris gives his ideas for cards to an artist who illustrates them with colorful cartoons. Then he shows the samples to anyone he meets — the truck driver, the man on the street or his secretary.

"If I see it won't do anything for people, I won't produce it, which happens about half the time," he says.

He confidently displays one of his new favorites: "Another birthday? Stop worrying, you'll never get out of this world alive!"

Says Harris: "That will really fracture 'em."

WING OF CRASHED AIRLINER

A wing section hangs from Medicine Bow Peak in southern Wyoming last week following the crash of a United Air Lines DC4 plane the day before, killing all 66 persons aboard. It was the worst commercial air line crash in U. S. history. The plane crashed within an hour after leaving Denver for Salt Lake City and San Francisco. The flight originated in New York City. 40-8 FORCED TO PARADE IN STATE GROUPS

MIAMI, Fla. (AP)—American Legionnaires put aside the serious business of their national convention today to step out on parade.

If there was a sour note in the five-hour line of march, it came from the 40 and 8, the honor and funmaking organization.

The 40 and 8 nearly came to a parting of the ways with the Legion. One of its strongest complaints is that it wasn't allowed to parade as a unit. The parent organization insisted that 40 and 8 members split up and parade individually with state delegations.

There was reluctant compliance. Parade day came after a busy national convention opening at which Secretary of State Dulles promised that the United States would not disarm "unless we can be sure that others are doing the same."

Dulles, who flew direct to Denver from Miami for a meeting with President Eisenhower in his hospital room, actually said little that was new. He re-emphasized U. S. policy supported before the President suffered his heart attack.

Labor Leader Speaks
Another major speech was delivered by George Meany, president of the American Federation of Labor. Meany said there was an "undemocratic trend" in the South.

He referred to the presently suspended Miami area hotel strike in which court injunctions halted picketing at 21 hotels, and declared the workers are being "denied by law and economic power the fundamental rights" to which they are

PEORIA, Ill. (AP)—Young Pheasant, an Indian from Tahlequah, Okla., was standing at a bar holding \$60 in his hand. A woman patron grabbed the money and took refuge in the women's washroom. Police apprehended the woman and returned the money to Pheasant who did not prosecute.

APPETITE TROUBLE

GREENSBURG, Pa. (AP)—Police and firemen went all-out in a search for Tommy Long, 8. Robert Pierce, police officer, said the lad was found a short time after the search party was organized. Tommy — oh, he just wasn't hungry so he didn't go home for lunch and dinner.

entitled.
Meany devoted most of his speech to Russian relations. He said the Soviet rulers "are just as much on the offensive as ever before," and added:

"Looking realistically at Moscow's stifling of human rights at home and chain of conquests abroad, we of the American Federation of Labor have flatly turned down all propositions of exchanging delegations with the Communist countries."

MOLOTOV TO FLY TO BIG 4 MEETING

By RICHARD K. O'MALLEY
MOSCOW (AP)—Soviet Foreign Minister V. M. Molotov said Monday he will leave by air Oct. 25 for the Geneva Big Four foreign ministers' conference opening two days later.

The veteran Soviet diplomat made the disclosure to Lester B. Pearson, Canada's foreign secretary, during a luncheon which the visiting Canadian gave to Molotov at the Canadian embassy.

Molotov's announcement stopped cold speculation in Western diplomatic circles here that his latest criticism, published in the latest issue of the magazine Communist might mean he wouldn't be going to Geneva.

The Old Bolshevik has admitted making a mistake on an obscure point in Communist ideology, and Western diplomats here today were trying to guess what is afoot.

Admits Mistake
Possibilities mentioned ranged from a shift in Soviet foreign policy to a new struggle for power in the ruling circle.

In a 500-word letter printed by the magazine Communist, Molotov confessed he had made a mistake in a speech to the Supreme Soviet Feb. 8 when he referred to the Soviet Union as a country where "the foundations of socialist society already exist."

What he should have said, he explained, was that the Soviet Union has already built a socialist society superstructure and is ready to proceed to communism.

Such an error, he said, was theoretically and politically dan-

Sons Of Italy Meet For 6-Day Session

PHILADELPHIA (AP)—Some 200 delegates from 28 states Monday opened the 24th national convention of the Order of the Sons of Italy in America.

Highlight of the six-day OSIA convention will be the traditional Columbus Day program Wednesday. The Marconi award will be presented Wednesday to Brig. Gen. David Sarnoff, chairman of the board of Radio Corp. of America as a "pioneer in every phase of radio, television and electronics."

Principal speaker will be Pennsylvania Gov. Leader, Philadelphia Judge Eugene V. Alessandrini, grant venerable of the OSIA, will preside.

STOCKY SCOUT

RED OAK, Iowa (AP)—John Hamilton, a 14-year-old Eagle Scout, wanted to go to the Boy Scout Jamboree, but he had no funds for the trip.

So John, with the assistance of Atty. John F. Boeye, incorporated himself and sold 30 shares of stock in the "John Hamilton Corp." at \$10 each, making a total of \$300. John expects to have all the stock "bought up" either through work or cash, in three years.

gerous, and a contradiction of numerous official party decisions. The Supreme Soviet to which Molotov spoke was the one at which Georgi Malenkov resigned as premier and also confessed faults.

VICTIMS OF AIR CRASH

John B. Merrill (left), 45, vice president of Sylvania Electric Co., and James McGarr (right), 44, general manager of the Sylvania plants in Towanda, Pa., were among the 66 persons who died in the crash of a United Air Lines plane in southern Wyoming last week. Their wives also were killed in the disaster. (AP Wirephoto)

HORNLESS DORSET

RALEIGH, N. C. (AP)—A new breed of hornless Dorset sheep has been developed by Prof. Lemuel Goode, North Carolina Experiment Station scientist.

With his horns, a Dorset is a picturesque animal with great spiraling horns. The Dorset has great commercial possibilities in the South, Goode says, but never has been popular with Southern sheepmen because its horns make it difficult to manage.

CLEWISTON, Fla. (AP)—Most of the Seminole Indians in the Everglades live in primitive chickees — tiny open shelters consisting only of a thatched roof mounted on four poles. But 15 Indian families on the Big Cypress reservation have wired their chickees and are receiving electricity from a rural electrification administration line running 50 miles from here to their settlement.

POISON MOTHS IN JAPAN

TOKYO (AP)—Poison moths whose scales cause a rash like poison ivy have hit Japan. Victims complain of skin eruptions, sometimes accompanied by fever and nausea. Numerous cases have been reported from scattered areas of Japan.

AFL COUNCIL URGES RAISE IN TOP POSTS

HARRISBURG (AP)—The AFL-Pennsylvania State Employees Council today urged an increase in salary for top state officials as a step toward getting raises for 50,000 state employees in lower brackets.

Reuben H. Miller, president of the council, called upon the Legislature to make a "realistic appraisal" of the salaries paid the governor and other top officials "to meet the standards which have been established in other large states and in industry."

"It seems as though the union has to seek increases for the top administrators in order to give the lower grades increases in classification," Miller said in a statement.

Increase Governor's Salary

He urged the Legislature to increase the salary of the governor from \$25,000 to \$40,000 and that of the lieutenant governor from \$15,000 to \$25,000.

In addition the council recommended that members of the cabinet be increased to \$20,000 to \$25,000 depending on the size and scope of the department. They now are paid \$15,000.

The council also recommended that the Legislature review all salaries covering deputy secretaries, state boards, commissions, authorities and other agencies of the state government.

Miller explained that the council's stand on salaries results from a \$500 yearly increase the organization has been seeking for all state workers for more than a year.

Classified Advs. Bring Results

WASHINGTON — The Army announced yesterday that under a reorganization plan, the 79th National Guard Division of Pennsylvania has been designated a combat division.

Nine other reserve divisions received that classification, the Army said. All should be able to fight within six months of the start of a war and will be built up, by voluntary means if possible, from a present average strength of strength of about 3,300 to around 14,000 officers and men.

GREETING CARD KING WORKS TO MAKE GAGS PAY

The Associated Press
CHICAGO — Every time Billy Harris meets a stranger he's asked to say something funny.
"Sometimes I say: 'Well, it isn't so easy to say something funny. I can't get anywhere just going around making funny quips. If I have anything to say that's funny, I make a greeting card out of it,'" he says.
As producer of 10 million cartoon-type greeting cards a year, it's one of his biggest problems. Also he must come up with ideas for 200 new cards a year.
Tired Of "Mush"
Typical is a Tallulah-like drawing bearing a simple but emphatic message: "Dahling . . . drop dead!"
"My idea is that folks are tired of the gushy, hearts and flowers greeting card. I know when I'd want to send anyone a card that's all I could find. So I thought there must be a lot of people who thought the same about all the mush," Harris says.
One of his cards says: "I don't want to seem nosy, but isn't it your birthday again? Many Happy returns." Inside the folded card a cross-eyed character pops out a long nose as the card is opened.
Gives New Look
As chief designer and company head, Harris is putting a new look into the 300-million-dollar greeting card industry with his action cards.
His smoking rabbit card dramatizes greetings by a cigarette which is lighted by the receiver. Smoke rings puff from the tiny novelty tag.
A jigsaw puzzle greeting card is signed by the sender and taken apart before it is mailed. The receiver must put the puzzle together before he learns who sent it.
Humor Comes Easy
Humor comes easy for Harris, 27. His father was Harry Harris, a song and dance man of the vaudeville circuit.
Harris himself is an amateur entertainer, doing a routine at local benefits shows. It's one he used during his tour in the U. S. Army Air Forces at war bond drives throughout the West, after being drafted while working in a defense plant in Los Angeles.
Discharged in 1946, he returned home to Chicago and obtained an established greeting card firm.
Last One Year
About 75 per cent of the new cards he creates last only a year. He gets ideas for cards from jokes, daily life and the 10,000 letters a year he receives from contributors. Few of the contributions are utilized, however, although he reads all of them on the chance that one may spark an idea.
Harris gives his ideas for cards to an artist who illustrates them with colorful cartoons. Then he shows the samples to anyone he meets — the truck driver, the man on the street or his secretary.
"If I see it won't do anything for people, I won't produce it, which happens about half the time," he says.
He confidently displays one of his new favorites. "Another birthday? Stop worrying, you'll never get out of this world alive!"
Says Harris: "That will really fracture 'em."

A wing section hangs from Medicine Bow Peak in southern Wyoming last week following the crash of a United Air Lines DC4 plane the day before, killing all 66 persons aboard. It was the worst commercial air line crash in U. S. history. The plane crashed within an hour after leaving Denver for Salt Lake City and San Francisco. The flight originated in New York City. 40-8 FORCED TO PARADE IN STATE GROUPS

MIAMI, Fla. (AP)—American Legionnaires put aside the serious business of their national convention today to step out on parade.
If there was a sour note in the five-hour line of march, it came from the 40 and 8, the honor and funmaking organization.
The 40 and 8 nearly came to a parting of the ways with the Legion. One of its strongest complaints is that it wasn't allowed to parade as a unit. The parent organization insisted that 40 and 8 members split up and parade individually with state delegations. There was reluctant compliance.
Parade day came after a busy national convention opening at which Secretary of State Dulles promised that the United States would not disarm "unless we can be sure that others are doing the same."
Dulles, who flew direct to Denver from Miami for a meeting with President Eisenhower in his hospital room, actually said little that was new. He re-emphasized U. S. policy developed before the President suffered his heart attack.
Labor Leader Speaks
Another major speech was delivered by George Meany, president of the American Federation of Labor. Meany said there was an "undemocratic trend" in the South.
He referred to the presently suspended Miami area hotel strike in which court injunctions halted picketing at 21 hotels, and declared the workers are being "denied by law and economic power the fundamental rights to which they are entitled."
Meany devoted most of his speech to Russian relations. He said the Soviet rulers "are just as much on the offensive as ever before," and added:
"Looking realistically at Moscow's stifling of human rights at home and clamor of conquests abroad, we of the American Federation of Labor have flatly turned down all propositions of exchanging delegations with the Communist countries."

DIPLOMATIC DIPLOMA

Mt. Airy, N. C. (AP)—The Rev. Edgar H. Nease, pastor of Sales Methodist Church near Mt. Airy, holds three college degrees — all without benefit of his 1923 high school diploma. Informed of the oversight, Bessemer High School authorities resolved to award him the diploma — some 32 years late.

WRONG BIRD

PEORIA, Ill. (AP)—Young Pheasant, an Indian from Tahlequah, Okla., was standing at a bar holding \$50 in his hand. A woman patron grabbed the money and took refuge in the women's washroom. Police apprehended the woman and returned the money to Pheasant who did not prosecute.

APPETITE TROUBLE

GREENSBURG, Pa. (AP)—Police and firemen went all-out in a search for Tommy Long, 8. Robert Pierce, police officer, said the lad was found a short time after the search party was organized. Tommy — on, he just wasn't hungry so he didn't go home for lunch and dinner.

ET TU?

BRISTOL, Conn. (AP)—Firemen came, saw and conquered a minor chimney fire at a residence here. It is occupied by Julius Caesar.

MOLOTOV TO FLY TO BIG 4 MEETING

By RICHARD K. O'MALLEY
MOSCOW (AP)—Soviet Foreign Minister V. M. Molotov said Monday he will leave by air Oct. 25 for the Geneva Big Four foreign ministers' conference opening two days later.
The veteran Soviet diplomat made the disclosure to Lester B. Pearson, Canada's foreign secretary, during a luncheon which the visiting Canadian gave for Molotov at the Canadian embassy.
Molotov's announcement stopped cold speculation in Western diplomatic circles here that his self-criticism published in the latest issue of the magazine Communist might mean he wouldn't be going to Geneva.
The Old Bolshevik has admitted making a mistake on an obscure point in Communist ideology, and Western diplomats here today were trying to guess what is afoot.
Admits Mistake
Possibilities mentioned ranged from a shift in Soviet foreign policy to a new struggle for power in the ruling circle.
In a 500-word letter printed by the magazine Communist, Molotov confessed he had made a mistake in a speech to the Supreme Soviet Feb. 8 when he referred to the Soviet Union as a country where "the foundations of socialist society already exist."
What he should have said, he explained, was that the Soviet Union has already built a socialist society superstructure and is ready to proceed to communism.
Such an error, he said, was theoretically and politically dangerous, and a contradiction of numerous official party decisions.
The Supreme Soviet to which Molotov spoke was the one at which Georgi Malenkov resigned as premier and also confessed faults.

Sons Of Italy Meet For 6-Day Session

PHILADELPHIA (AP)—Some 200 delegates from 28 states Monday opened the 24th national convention of the Order of the Sons of Italy in America.
Highlight of the six-day OSIA convention will be the traditional Columbus Day program Wednesday. The March, award will be presented Wednesday to Big Gen. David S. Duff, chairman of the board of Radio Corp. of America as a "pioneer in every phase of radio television and electronics."
Principal speaker will be Pennsylvania Gov. Leader Philadelphia Judge Eugene V. Alessandrini, grand vice-president of the OSIA, will preside.

STOCKY SCOUT

RED OAK, Iowa (AP)—John Hamilton, a 14-year-old Eagle Scout, wanted to go to the Boy Scout jamboree but he had no funds for the trip.
So John, with the assistance of Atty. John F. Boeve incorporated himself and sold 30 shares of stock in the "John Hamilton Corp." at \$10 each making a total of \$300. John expects to have all the stock "bought up" either through work or cash in three years.

REFAL PRACTICE

GRAND RAPIDS, Mich. (AP)—Firemen put on a fire drill at the Grand Rapids Metalcraft Co. then stated on hand to put out a actual blaze that popped up in the paint shop.
The fire was extinguished by a fireman, and a contradiction of numerous official party decisions.

VICTIMS OF AIR CRASH

John B. Merrill (left), 45, vice president of Sylvania Electric Co., and James McGarr (right), 44, general manager of the Sylvania plants in Towanda, Pa., were among the 66 persons who died in the crash of a United Air Lines plane in southern Wyoming last week. Their wives also were killed in the disaster. (AP Wirephoto)

HORNLESS DORSET

RALEIGH, N. C. (AP)—A new breed of hornless Dorset sheep has been developed by Prof. Lemuel Goode, North Carolina Experiment Station scientist.
With his horns a Dorset is a picturesque animal with great spreading horns.
The Dorset has great commercial possibilities in the South, Goode says, but never has been popular with Southern sheepmen because its horns make it difficult to manage.

LIGHT FOR INDIANS

CLEWISTON, Fla. (AP)—Most of the Seminole Indians in the Everglades live in primitive chickees — tiny open shelters consisting only of a thatched roof mounted on four poles. But 15 Indian families on the Big Cypress reservation have wired their chickees and are receiving electricity from a rural electrification administration line running 50 miles from here to their settlement.

POISON MOTHS IN JAPAN

TOKYO (AP)—Poison moths whose scales cause a rash like poison ivy have hit Japan. Victims complain of skin eruptions, sometimes accompanied by fever and nausea. Numerous cases have been reported from scattered areas of Japan.

TOP SALESMAN

HOUSTON, Tex. (AP)—Father Ralph Diefenbach, at a luncheon where each guest was asked to arise and give his name and job, said, "I am a sales representative for another of the 10 Commandments."

AFL COUNCIL URGES RAISE IN TOP POSTS

HARRISBURG (AP)—The AFL-Pennsylvania State Employees Council today urged an increase in salary for top state officials as a step toward setting raises for 50,000 state employees in lower brackets.
Reuben H. Miller, president of the council called upon the Legislature to make a "realistic appraisal" of the salaries paid the governor and other top officials "to meet the standards which have been established in other large states and in industry."
It seems as though the union has to seek increases for the top administrators in order to give the lower grades increases in classification. Miller said in a statement.

Increase Governor's Salary

He urged the Legislature to increase the salary of the governor from \$25,000 to \$40,000 and that of the lieutenant governor from \$15,000 to \$20,000.
In addition the council recommended that members of the cabinet be increased to \$20,000 to \$25,000 depending on the size and scope of the department. They now are paid \$15,000.
The council also recommended that the Legislature review all salaries covering deputy secretaries, state boards commissions authorities and other agencies of the state government.

Miller Explained that the Council's Stand on Salaries Results from a \$500,000 Increase the Organization Has Been Seeking for All State Workers for More Than a Year.

"I Know That The Salt Of The Earth Is The Horny-Handed..."

WASHINGTON (AP) — Time: the present.

Place: a political campaign classroom.

Event: a gathering of candidates taking a course in political speechmaking in preparation for the campaign next year. The teacher calls the class to order.

Teacher: "Gentlemen, we are gathered here to discuss the time-tested and time-tested phrases—all sound as a dollar (laughter)—which may at first seem old-fashioned, but which we find by scientific means to be as effective in these days of television as they were in days long past.

"Now, I shall call on Mr. Man Who to come to the platform. He will speak as though you were an audience of voters—and I shall correct him and give him pointers where necessary for the benefit of all. Mr. Who."

"Clarion Call Of Duty"

Mr. A. Man Who arises and comes to the platform. He clears his throat, adjusts his glasses, assumes a confidential air, and begins:

"Ladies and gentlemen, (pause) Everyone who has known me knows that I never have shirked a clarion call to duty. You can depend on that as surely as you can depend on the sun rising in the East and setting in the West. And it makes me humble.

"As my dear father used to say when he bounced me on his knee, 'The race goes to the strong, son.' But I also tried to hear the words of my sainted mother who told me every night after I said my prayers and she had tucked me in bed: 'Always remember, son, the meek shall inherit the earth.'"

"If you elect me, I promise I

will hew to the line—and you know my opponent can't even plow a straight furrow! (laughter)

"I promise you my friends, that I'll let the chips fall where they may. I'll treat friend and foe alike, without... without..."

Teacher (prompting): "Without fear or favor."

Mr. Who: "Thank you, (resuming) With your help I'll go down the middle of the road and leave no stone unturned to give you the kind of government you expect and the kind of government every American citizen..."

Teacher (sharply): "Please, Mr. Who! Must we go over this again? It's 'every red-blooded, 100 per cent American.'"

"A Sacred Trust"

Mr. Who: "... That every red-blooded, 100 per cent American so richly deserves and which you will receive from me because I will regard it as a sacred trust.

"I have known poverty, friends. I know the value of a dollar and I know that a penny saved is a penny earned. I know that the salt of the earth is the horny-handed son of toil. But his rough, gruff ways must be softened by the tender, loving gentleness of the wife and mother who keeps the home fires burning."

"And I say again, if elected I shall keep my shoulder to the wheel and march side by side with you to a better government. I thank you." (loud applause)

Teacher: "Thank you, Mr. A. Man Who! That truly was inspirational. And next week we shall hear a discussion: 'Keep your ear to the ground and your eye on the ball—but watch the straws in the wind.'"

"Goodnight!"

CRITICALLY ILL

Emmitsburg

EMMITSBURG: The regular monthly meeting of the Francis X. Elder Post No. 121, American Legion, was held recently at the Post Home with 61 members present. Commander Charles B. Harner presided at the meeting.

Louis Rosensteel reported the blood donations for the month of September and Commander Harner thanked the following members for giving blood: Paul A. Keepers, Prof. Arvin P. Jones, and George Ryder Jr. William Topper suggested that all those who wished to give blood in the future or have their blood typed contact Thomas C. Harbaugh or Louis F. Rosensteel, co-chairmen of the Legion blood bank.

New members voted in were: Donald Rodgers, Carroll Brown, Roy Baker, Warren McClell, Greenstone, Clifton Rhodes and Carroll Null, Thurmont.

The Post voted for a \$5 donation to the Mt. St. Mary's Journal. Philip B. Sharpe, chairman of the hospitalized veterans' visitation Christmas committee, urged all members to visit hospitalized veterans.

Commander Harner appointed the following Christmas decorating committee: Andrew Shorb, Clarence Shorb, Robert Myers, Bill Sanders, Francis Blair, William Topper, Edward Wastler, Curtis Topper, William Rodgers, Robert Shorb, and Louis Rosensteel.

The Post decided to again sponsor the annual Halloween parade and dance on Saturday, Oct. 29. Prizes will be offered as usual.

T. Rodgers, drillmaster of the local legion drill team, announced that a meeting will be held in the near future, the date to be announced later.

The door prize was won by Robert Shorb. After the meeting adjourned, refreshments were served.

The annual booster night was observed Wednesday evening at the regular Grange meeting held in the public school with 32 members present and Master Richard Florence presiding. A message from the national master, Hershel Newsum, was read.

The Juvenile Grange placed first with its booth at the Frederick Fair for the fourth consecutive year.

The annual Community Show will be held this year as usual at the public school on October 28-29. William G. Baker is general chairman again this year. A food sale will be held by the ladies of the Grange at the fire hall on Saturday, Oct. 29.

Installation of the 1956 officers will take place at the Walkersville Fire Hall today at 8 p.m.

Lecturer Ann Hobbs presented the following program: Opening song, "Keep On Boasting"; prayer, led by Rev. Philip Bower; quartette consisting of Norman Shriver, Raymond Baumgardner, John Baumgardner and George Martin, singing "Just A Song At Twilight," and "The People Together" movie on soil conservation, projected by Paul Beale.

The juveniles joined the adults for the program and refreshments.

The annual Harvest Home benefit announced for Saturday, October 22, at Elias Evangelical Lutheran Church, Emmitsburg, has named the following committee: Mrs. Clarence Hahn, chairman; Mrs. Roy Sanders, Mrs. Harry McNair, Mrs. Roy Bolinger, Mrs. Aaron Adams, Mrs. Clara Harner, Mrs. Charles Linn, Mrs. Allen Plank, Mrs. Harry Hahn, Mrs. Roy Maxwell and Mrs. Robert Saylor.

Those in charge of the dining room will be Mrs. Louis Stoner, chairman; Mrs. W. A. McClell, Mrs. Richard Harner, Mrs. John McLaughlin, Mrs. William Boyd, Mrs. Paul Claypool. Supply tickets will be handled by Mrs. Charles Sharrer and Mrs. E. M. Zacharias. A cake and candy table will be in charge of Mrs. Esta Miller. Mrs. Ruth Shuff, James Sanders, Harry Troxell and Harry Hahn have charge of erecting the tables.

The supper will be served family style.

More than 15 members of the Vigilant Hose Co. of Emmitsburg enrolled in an advanced course under the direction of the University of Maryland Fire Extension Service. The three-hour classes will run 20 weeks.

The regular monthly meeting of the Mite Society of Trinity Methodist Church was held Friday evening at Stonehurst, the home of Mr.

Amazing New Safe Discovery Makes REDUCING EASY

SCIENCE NOW HELPS YOU TAKE OFF YOUR FAT WHILE YOU EAT THE FOODS YOU CHOOSE

FRIENDS! Let Me Ask You a Simple Question
Are you too fat because you eat too much? Would you like to lose fat but you just can't control your appetite and like to eat too much of the wrong kind of food? Do you like sweets, candy, cake and are you a real glutton when it comes to butter, gravy, potatoes? Have you tried one thing after another to reduce, spent dollar after dollar for pills and tablets and in spite of everything you've tried you're still too fat?

AT LAST! A CAPSULE THAT EQUALS A MEAL OF VITAMINS, MINERALS AND BULK

Just recently a well known scientist perfected a new tiny capsule that combines not one but ALL THE RECOGNIZED proven aids to reducing he found in all the advertised products offered today. It contains the concentrated proteins you've read and heard about. It combines the vitamins and minerals often lost when cutting off fattening foods containing these needed vitamins and minerals. It combines the vegetable cellulose that has no calories yet expands when it absorbs water, thereby helping to give the feeling of a full contented stomach. Yet these tiny new capsules contain not just one but ALL the drugless reducing aids he found to be needed to actually automatically make you eat less without conscious effort and like it! In fact, these tiny capsules are so packed with vitamins and minerals, protein and non-calorie filling food, they actually equal and exceed many a meal!

Counteract Hunger
Yes, All-In-One Reducing Capsules are as filling, as hunger satisfying, as rich in vitamins, minerals and fat consuming protein as many a meal. When you take All-In-One Reducing Capsules, you not only don't want to eat, but you also get the very vitamins, minerals and fat consuming protein you need for health, for energy, for rich, red blood, for that wonderful feeling that comes from eating a delicious, satisfying meal of well chosen food.
